

led bulb PCB processing pick and place machine SMT production line

Our Product Introduction

for more products please visit us on smtmountingmachine.com

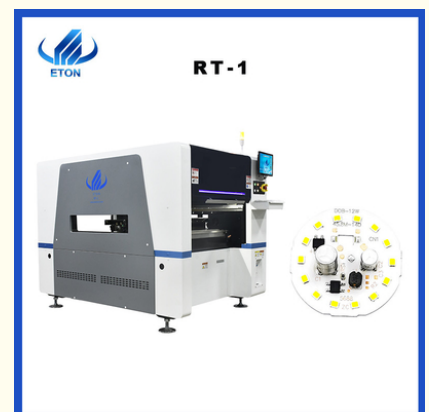

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,SIRA,CE
- Model Number: RT-1
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

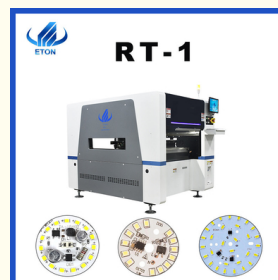

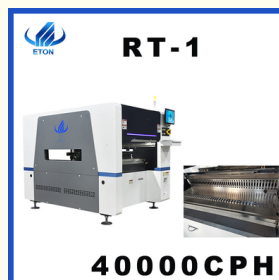

Product Specification

- Model: RT-1
- Length: 1200mm
- Width: 1930mm
- Height: 1500mm
- Total Weight: 2000kg
- PCB Size: Max:450*350mm Min:80*80mm
- No. of Feeders Station: 32PCS
- No. of Heads: 10PCS

Product Description

led bulb PCB processing pick and place machine SMT production line

Introduction to RT-1

RT-1 LED bulb, DOB bulb manufacturing machine, generally speaking, the board of bulb is very small. The maximum size of RT-1 PCB is 450 * 350mm, so it is more than enough for the board of bulb. The components of LED bulb and PCB board are very simple, only lamp beads, but DOB bulb is a little different. In addition to lamp beads, there are also capacitors, resistors, ICs and other special-shaped components.

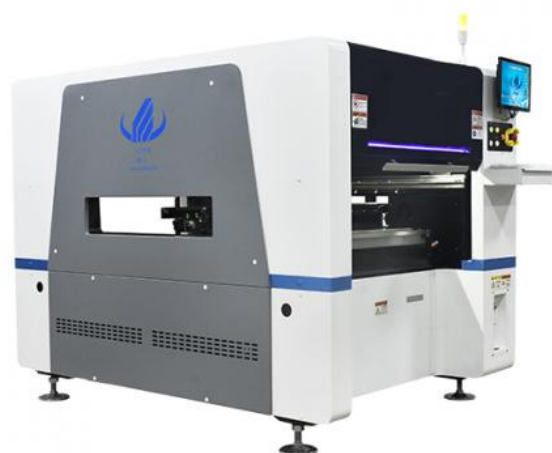

SMT whole line

Semi-automatic stencil printer--conveyor--pick and place machine--reflow oven

equipment	function	price
Stencil printer	Leak solder paste onto the pad of PCB board	Please contact Yoly:008613823702034
conveyor	Transport the pcb Buffering effect	Please contact Yoly:008613823702034
Reflow oven	The solder paste is melted by heating, so that the components and PCB are better adhered	Please contact Yoly:008613823702034

RT-1

Other machines

We not only provide placement machines, but also provide loading machines, docking stations, reflow soldering, printing machines, dispensing machines, reflow soldering, transplanting machines, unloading machines, etc

Model introduction

We have multi-functional machines and high-speed machines. The multi-functional machines can produce a variety of products, suitable for both large and small plates. The latest machine glory model, the smallest mounting 0201, is suitable for a wider range of products. The glory model is applied to the entire electronic industry. The high-speed machine broke the world record, with the optimal capacity of 500K and the actual capacity of 440000cph. It can produce more than 2000 meters of soft light tape per hour. Do you want to know the price? Please contact YOLY: WhatsApp / wechat: 008613823702034

Client

In China, we help 80% of the people to set up factories, that is, 80% of the people are using Eton machines, such as MLS, NVC, opple, and so on. Our machines have CCC, CE, Sira certification, and hundreds of machines are sold abroad every year: India, Egypt, Turkey, Pakistan, Iran, Vietnam, Algeria, etc. we have many customers abroad: calcom, polycab, Surya, ruandong, rk, etc. are our customers.

FAQ

Q:What is the delivery date?

We will deliver the goods after 30 days' deposit.

Q:Is electrical control developed independently?

Yes, the electrical control is by ourselves and have exclusive patent technology.

Q:Are you a manufacturer or trading company?

manufacturer. We have our own industrial park

Shenzhen Eton Automation Equipment Co., Ltd.
