

PCB conveyor in smt production line with LED light transmission buffer machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, SIRA, CE
- Model Number: ET-C1400
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

Product Specification

- Model: ET-C1400
- Steel Frame Structure, Rail L=1400 Length:
- Max PCB Size: 1400*350 Mm
- Width Adjustment Range: 50 300 Mm
- Transmission Height: 920±20 Mm

Product Description

PCB conveyor in smt production line with LED light transmission buffer machine

SMT production line middle docking station

The docking station in the SMT production line is placed behind the printing machine and in front of the mounting machine. The docking station is used to transmit PCB boards and has the function of buffering.

Selection of docking station

Generally, the selection of the docking station is based on the size of the customer's PCB. When selecting the docking station, the selection range of the docking station is usually larger than your actual PCB size, which is mainly for better transmission of PCB.

Conveyor size

Generally speaking, the size of the docking station is 50060012001400. Of course, we support customization.

Technical parameter

Model	ET-C1400
Steel frame structure, rail length	L=1400
Max PCB size	1400*350 mm
Width adjustment range	50 300 mm
Transmission height	920±20 mm
Transmission	5MM flat belt conveyor
Speed	Adjustable from 0.5 to 9 m/min
Motor	One set of 40 W stepper motor
Control	Industrial control panel
Transmission Direction	Single(left → right or right → left)
One section of control, 4 Sensors	
Set of electric control box	

Other machines

We not only provide mounters, but also provide loading machines, connecting tables, printing machines, dispensing machines, transplacers, solder paste mixers, temporary storage machines, AOI, SPI, wave soldering, reflow soldering, unloading machines, etc.

Market

domestic market

We have 80% of our partners in China, and we help them build their own factories

Of course, we also have many customers overseas, such as SURYA, Calcom, Polycab, RK, RangDong, Konka, etc.

 NVC	 PAK	 SKYQURO	 SURYA	 Calcom
 POLYCAB	 orient electric	 KONARK	 RangDong	 RK
 FSL	 PHILIPS	 KENDAL	 MLS	 TCL

Service

We can provide professional SMT whole line scheme

1. We support free on-site installation services (no matter where you are)
2. During the warranty period, all parts are damaged and can be replaced free of charge
3. Support 24/7 free online video teaching service
4. We support lifelong free software updates

FAQ

Q:What is the delivery date?

We will deliver the goods after 30 days' deposit.

Q:Is electrical control developed independently?

Yes, the electrical control is by ourselves and have exclusive patent technology.

Q:Are you a manufacturer or trading company?

manufacturer. We have our own industrial park

Q: How is the training?

A: After purchasing our products, you can send your engineers to study in our factory, or we can send our engineers to your factory to train your staff for you .
