## ET-600 PCB Conveyor Machine Connect For Assembly Machine Adjustable 0.5 - 9 M/Min

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: ET-DC600
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

### Product Specification

- Name: SMT Conveyor Machine
- Module: ET-DC600
- Condition: New
- PCB Size: 600\*300mm
- Speed: Adjustable From 0.5 To 9 M/min
- Transmission: 5MM Flat Belt Conveyor
- Highlight: flat belt PCB conveyor machine, Assembly Machine PCB Conveyor, 9 M/Min PCB Conveyor

## Product Description

### ET-600 PCB conveyor machine connect for the Assembly machine Adjustable from 0.5 to 9 m/min

#### Specifications

|                                      |                                     |
|--------------------------------------|-------------------------------------|
| Model                                | ET-DC600                            |
| Steel frame structure, rail length   | L=600                               |
| Width adjustment range               | 50 300 mm                           |
| Transmission height                  | 920±20                              |
| PCB size                             | 600*300 mm                          |
| Transmission                         | 5MM flat belt conveyor              |
| Speed                                | Adjustable from 0.5 to 9 m/min      |
| Motor                                | Two set of 25 W stepper motor       |
| Control                              | Industrial control panel            |
| Transmission Direction               | Single(left→ right or right → left) |
| One section of control, Four Sensors |                                     |

#### SMT Production Line

Solder paste printer machine: The solder paste is Stencil printed on the PCB board through the Stencil of the printer.

Single conveyor: Inspect the quality of assembly and welding to cushion the production line.

Pick and place machine: Mount the electronic component at the specified position on the PCB.

Reflow oven: Melt the solder paste and fix it to the mounting element.

#### Functions in Production Line

SMT PCB conveyor can link the pcb magazine loader unloader for smt assembly, this PCB conveyor are mainly used for equipment linking, visual inspection, manual assembly, and PCB buffering functions. Their advantage is the short length, which allows them to be placed anywhere when you have space limitations.

#### Packaging

All machines are packed with vacuum and wooden packing

Step1:Film packaging.

Step2:Vacuum packaging.

Step3:Wooden box packaging

You can trust us, because we have professional and standard packaging to protect the machine.

First step

All machines delivery to abroad will use Foam wrap, to Protect the machine from collision

Second step

The second layer will be wrapped with stretch film to prevent the equipment from getting wet

Third step

Vacuum paper packaging and moisture-proof bag, so that the machine can be kept dry during

#### Service

1. Before order:

We will support professional suggestion of SMT line

We will recommend the best module according to the products

We will supply best quotation with factory price

2. After order:

Machine will have good test and aging before shipping

We support machine free installation and training, special time we support online training, and video teaching.

We have Professional after-sales team, could solve problem as soon as possible  
Machine warranty is one year, during warranty, any parts need to be repaired and replaced will be free for clients.

#### FAQ

1.What can you buy from us?

Multi-functional pick and place machine,High-speed pick and place machine,Glue dispenser machine,Multifunctional Pick And Place Machine,High Speed Pick And Place Machine etc.

2.Can I visit the production site of your machines in India?

I have to ask my clients. After all, this is our customer's factory, we can't make decisions for my clients. I think that you wouldn't want your competitors to visit your manufacturing site, please understand.

3.Can you support whole SMT line?

Yes, we can provide whole line solution if you want. We are very professional on SMT field

4. Q: Are you a trade company or a manufacturer?

A:We are an experienced manufacturer of SMT. Our company has been established for ten years, the company has more than 300 employees, the company is a large-scale, is the top domestic enterprises
