

0.1 - 6mm SMT Chip Mounting Machine High End Magnetic Linear Motor LED Bulb Making Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE,CCC,SIRA
- Model Number: RT-1
- Minimum Order Quantity: 1 Set
- Price: USD38,000.00/ 1Unit/Units
- Packaging Details: Filming packing、 vacuum packing、 wooden packing
- Delivery Time: 30 work days
- Payment Terms: L/C, T/T
- Supply Ability: 50 Sets per month

Product Specification

- Dimension: 1200*1930*1500mm
- PCB Size: Max:450*350mm Min:80*80mm
- PCB Thickness: 0.1~6mm
- Mounting Precision: $\pm 0.04\text{mm}$
- Mounting Height: Standard: $\leq 15\text{mm}$ (Height Customizable)
- Mounting Speed: 40000 CPH
- No.of Feeders Station: 32 PCS Feeders Station
- No.of Head: 10 PCS
- Highlight: 6mm SMT Chip Mounting Machine, Linear Motor SMT Chip Mounting Machine, 32 PCS feeders LED Bulb Making Machine

Product Description

Single module magnetic linear motor multi functional SMT pick and place machine

Product description

The fastest production capacity is 40000 CPH

Feature

The use of high-end magnetic linear motor has longer service life and higher precision

It can mount different types of components : such as LED, capacitor, resistor, led chip, IC, special-shaped components, etc

The minimum mounting size is 0402 and the maximum mounting height is 15mm, which can be customized higher.

Proprietary technology:

Electronic feeder feeding system

Vision alignment flight identification, mark correction

Auto-optimization after coordinates generated, etc

Technical parameter

Parameter

PCB clamping	pneumatic
PCB thickness	0.1-6mm(if 0.6mm,need jig)
No.of camera	2 PCS
No.of heads	10 PCS
No.of feeders station	32 PCS
Power	AC380V
Power consumption	4kw
Positioning way	optical

Application

It is suitable for different products, such as bulb, panel lamp, ceiling lamp, street lamp and so on, as well as power driver.

Service

Maintenance period 1 year

One year warranty, during warranty, any parts that need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, the software is Reach and developed by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend the different exhibitions in different cities every year, at the same time, we will visit local clients and support our service and collect feedback on customer suggestions in time.

Provide the latest information about technology and equipment

We give professional technology suggestions to our clients. And share the updated news with our clients.

Package

Our products are generally packed in vacuum wooden cases, which can better protect our products from damage and loss during transportation. The packing cases are very strong and solid, we will arrange delivery and packaging according to the needs of customers.

FAQ

Q. Can I use CIF price?

A. CIF price need add the freight and insurance fee, while for the part of EXW which is cheaper and convenient factor as a suitable price for both sides.

Q. How many hours does the machine can operate per day?

A. Machine can work whole day. But for longer using life, we suggest you to have 1 hour or 2 hours off per day.

Q. If I need a perfect line of the machine can you supply?

A. Yes, for the requirements of a whole line for production, we have professional equipment to make up for a perfect production line for your products, on account of we have a 50000 square meters of industrial park and excellent R&D staff, which can produce 50 sets of machine per month.
