

## LED Strips Glue Dispensing Machine LED Automatic Adhesive Tape Machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: ET-600
- Minimum Order Quantity: 1 set
- Packaging Details: Standard wooden box
- Delivery Time: 15 working days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Product Name: LED Automatic Rubberizing Machine
- Weight: 70kg
- Usage: LED Rubberizing Machine For Pasting Products
- Dimension: 1800\*400\*1100mm
- Power: 40W
- Voltage: With In 30 Min I Will Confirm The Orientation By WhatsApp & Email
- Highlight: **LED Strips Glue Dispensing Machine, soft light Glue Dispensing Machine, LED Automatic Adhesive tape machine**

## Product Description

### LED strips glue dispensing machine LED Automatic Adhesive tape machine

#### Product introduction:

According to the customer requirements, to solve the soft light, hard light, S lamp, lamp panel, LED backlight and other products with the consistency of the quality cost of artificial gum, difficult problem, this equipment after repeated research, testing, the grand launch of ET-600 plate with double-sided adhesive machine.

#### Product features:

High efficiency: 5 meter soft light bar, for example, an hourly capacity of 5000 meters

High quality: double-sided adhesive non bias, the product qualified rate of 99%

The provincial Manual: a machine instead of 6-8 people's work output, simple operation

Reduce costs: save labor costs, save double-sided adhesive, easy to manage

Wide use: the use of a machine, suitable for various LED sticking gum products

#### Parameter:

Voltage: 220V 50-60HZ

Power: 40W

Weight: about 70KG

Size: length 1800\*, width 400\*, height 1100MM (adhesive product length is not limited);

#### Package:

For machine packaging, we will use standard export inspection-free wooden boxes for packaging, and vacuum bags will be used for packaging the machine to prevent the machine from rusting due to moisture during transportation.

For the mode of transportation: we will transport by sea, air and land according to your needs. Customers who buy our equipment usually choose sea transportation

### Delivery

Our equipment is usually transported by land, sea and air. For equipment accessories, we have also adopted DHL, EMS, UPS, FedEx, etc.

For the packaging of the machine, we will use foam cotton, stretch film, vacuum bags and straps to fix the machine, and use standard inspection-free wooden boxes for packaging.

1. Land transportation: For landlocked countries, we will package the equipment and transport it by truck or train according to customer needs;
2. Shipping: The vast majority of customers use the shipping method for transportation, which can help customers save costs and help customers get the machine faster.
3. Air freight: The customer needs the equipment urgently, we can pack the equipment according to the air freight requirements for the customer, this method of transportation is faster, but the cost will be higher.

#### FAQ:

1. How many machines sell in India ?

A: So far, we have hundreds machine sell in India.

2. I don't know how to operate machine and will it required experience?

A: Our machine is very easy for operate, usually several days for training is enough and not required experience. ETON engineer will teach online now and will visit your factory after corona.

3. I want to produce led bulb, do you have machine for that?

A: Yes, we could provide the whole SMT Machine for led bulb.

4. I want to produce 100 meters led strip light roll to roll, is F7S suitable ?

A: F7S suitable for one meter and half meter strip light, not suitable for 100 meters. But we have two modules suitable for Roll to roll strip light, if you want to know more details about these two modules, please contact me as soon as possible.

5 What kind of machine will provide besides pick and place machine ?

A: ETON as the largest manufacturer of SMT machine in China, we provide whole SMT line, such as reflow oven, stencil printer, conveyor, pick and place machine, Loader, Unloader, etc.

6 Do you have middle speed pick and place machine for led tube/street light/display, lens/panel/led bulb/dob/etc ?

A: Yes! We have different module pick and place machine, for middle speed mounter, we have two kinds of machine, one is RT-1, It's 10 heads with 40000 cph, another is E8S with 45000 theoretical speed
