

## Automatic LED strip light splitter 5m Strip Light LED Light Production Line

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: ET-580
- Minimum Order Quantity: 1 set
- Packaging Details: standard wooden box
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Product Name: Strip Light Separating Machine
- Dimension: 1100\*660\*1000mm L\*W\*H
- Weight: 100KG
- Max. Length Of PCB: No Limited
- Compatible PCB Material: All LED Soft Strip PCB
- Power Consumption: 120w
- Highlight: Automatic LED Strip Light Splitter,  
120w LED Strip Light Splitter,  
5m Strip LED Light Production Line

## Product Description

### Quality Choice LED Strip Light Automatic Separating Machine in 5m strip production line

#### Describe

It is mainly used in the 5m flexible light strip assembly line. The light strip splitter can help you improve production efficiency and save labor.

#### Product features:

1. Customize the mold according to the width of the board to ensure the neatness;
2. The design of the structure is humanized, easy to operate and more practical;
3. The colloidal blade made of special material will not damage the board or the lamp beads;
4. Famous brand industrial motor, strong power and fast speed;

#### Product description:

1. According to the characteristics of the LED flexible light strip, the edge of the divided circuit board is smooth and smooth, and the board surface is very flat.
2. Because the blade is made of special material, the cutting process is very stable, avoiding defects.
3. The docking line makes the workshop look taller.
4. Original imported bearings cooperate with precision machining gearbox and supporting parts to ensure perfect cutting quality, reduce machine wear and prolong service life.

#### Machine details

No.	Item	specification
1	Name	LED soft strip PCB separating machine
2	item No.	ET-580
3	max. length of PCB	No Limited
4	PCB feeding speed	adjustable,max. 300mm/s
5	compatible PCB material	all LED soft strip PCB
6	power consumption	120w
7	power source	220V,50-60HZ
8	weight	100KG
9	dimension	1100*660*1000(L*W*H)

## FAQ

**Q: What's your main service?**

A: We provide total SMT machines and solution service, professional technology support and after sales.

**Q: Are you a trade company or a manufacture?**

A: We are an experienced manufacturer of SMT and PCBA equipment, OEM & ODM service are available.

**Q: What is your delivery date?**

A: The delivery date is about 30 working days after receipt of payment.

**Q: What is your payment terms?**

A: 30% deposit in advance and 70% balance before shipment.

**Q: Can you provide a whole line solution?**

A: Yes, We can supply SMT line and LED production line.
