

Intelligent SMT Mounting Machine Electric Feeder For LED DOB Bulbs Lighting

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE , ISO , CCC
- Model Number: HT-E8S
- Minimum Order Quantity: 1 unit
- Price: USD 45000-67500 per set
- Packaging Details: vacuum wooden packing
- Delivery Time: 15-30 days
- Payment Terms: T/T, L/C
- Supply Ability: 50 Unit per month

Product Specification

- Name: Pick And Place Machine
- Model: HT-E8S
- Brand: ETON
- Camera: 2 Sets Of Import Camera
- Heads: 12 PCS
- Feeder Station: 28 PCS
- Feeding Way: Electric Feeder With Double Motor
- Mounting Speed: 45000 CPH
- Mounting Mode: Group Picking And Separately Placing,
Separately Picking And Separately Placing
- Highlight: **Intelligent SMT mounting machine,
DOB Bulbs SMT mounting machine,
Electric Feeder Led Bulb Manufacturing
Machine**

Product Description

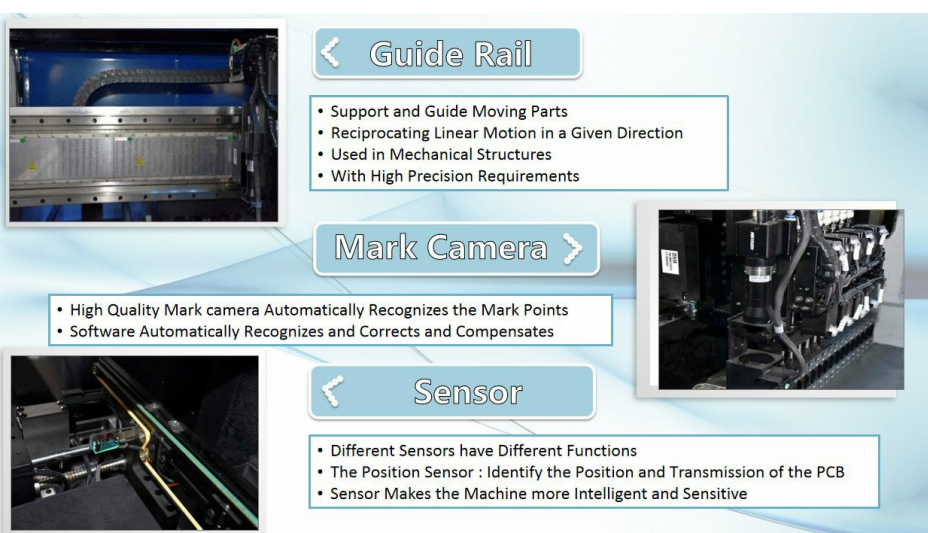

Intelligent smt machine for led DOB Bulbs lighting SMT mounting machine

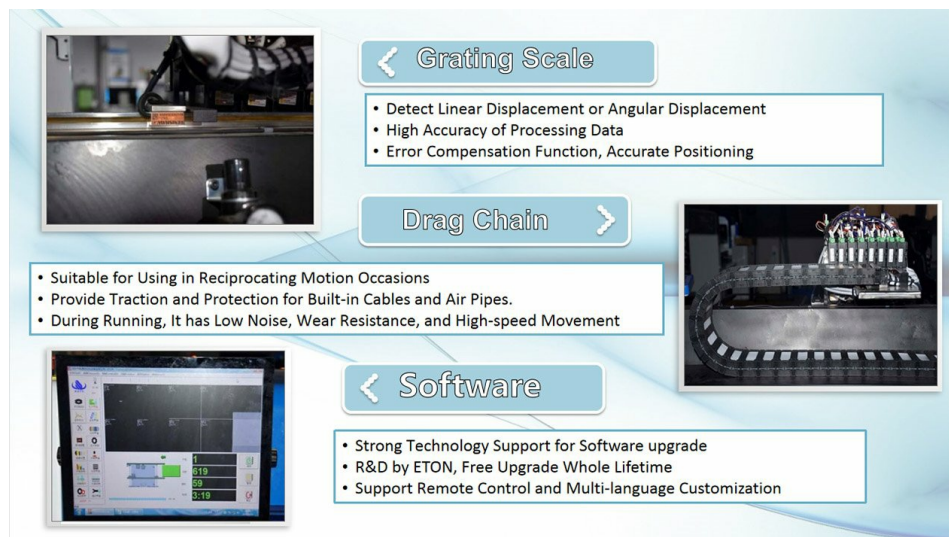

Technical parameter

Model	HT-E8S-1200
Dimension	
Length	2550 mm
Width	1650 mm
Height	1550 mm
Total Weight	1700 kg
PCB	
PCB Length Width	Max:1200*500mm Min:100*100mm
PCB Thickness	0.5-5mm
PCB Clamping	Adjustable pressure pneumatic
Mounting Mode	Group picking and separate placingseparate picking and separate placing
O.S.	
System	Windows7
Software	R&D independently
Vision System	
No. of Camera	2 sets of imported camera
Mounting Precision	Vision for the flight identification, MARK correction ±0.04mm
Mounting Height	<15mm (Automatic Changing)
Mounting Speed	45000 CPH
Components	LED , capacitors, resistors, IC,shaped components, etc.
Components Space	0.2mm
No. of Feeders Station	28 PCS
No. of nozzles	12 PCS
Air supply	0.4-0.6mpa (4-6kgf/cm2)150N/min
Electrical control	Independent research and development by ETON
X,Y,Z Axis Drive way	High-end magnetic linear motor + Servo motor
Feeding way	Electric feeder with double motor

Main part of HT-E8S

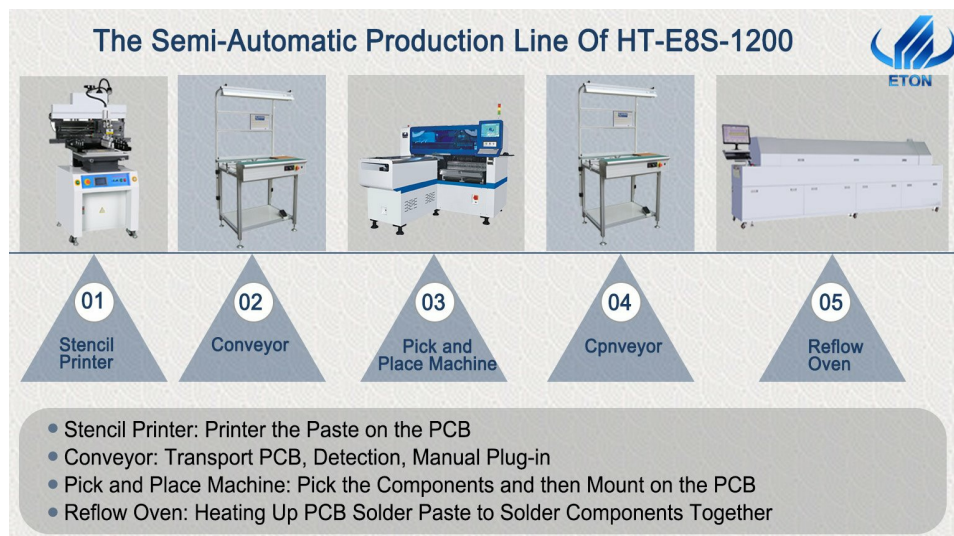

1. the Guide rail is supporting and guiding moving parts,
2. HT-E8S has Mark camera, automatically recognizes the mark points
3. the position sensors can identify the position and transmission of the PCB, makes the machine more intelligent and sensitive
5. the Drag chain is suitable for using in reciprocation motion occasions, provide traction and protection for built in cables and air pipes.
6. we have strong technology support for software upgrade, support remote control and multi-language customization

the layout of SMT production line of HT-E8S

Semi automatic printer machine - Pick and place machine - Conveyor - Reflow oven

Company profiles

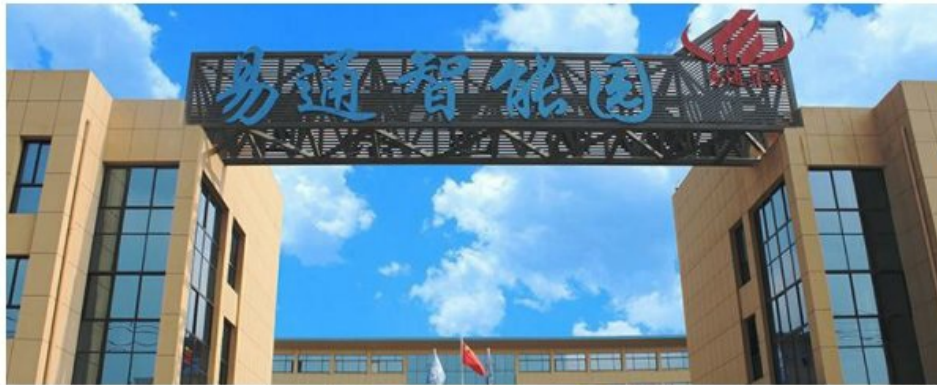

ETON has 11 years experience in LED light SMT production feild;

ETON has exported more than 20 countries and regions, india, turkey, iran, russia, egypt, etc.

ETON has own industrial park, 52000 square meter industrial park, 7 buildings, more than 500 employees

ETON provides the whole smt production solution and compelete SMT equipment.

FULL SMT LINE SOLUTION SUPPLIER—ETON

**Core Technology
Independent R&D**

**>52000M²
Manufacturing Center**

**>100 sets/month
Large-scale Production Capacity**

**>500 Staffs
China Top One in SMT Industry**

**Rich Industry Experience
Full SMT Line Solution Support**

**>135 Patents
Invention & Software & Practical**

Global Service Office: India • Turkey • Vietnam • Egypt • Pakistan

The package and transport

Professional and Standard Packaging

Packing the Machine

Vacuum Packaging

Professional Wooden Box Packaging
