

80000CPH LED Mounting Machine High Speed LED Lamp Manufacturing Machine

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, RoHS
- Model Number: YT-101S
- Minimum Order Quantity: 1
- Price: FOB USD 46000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 days after deposit
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets per month

Product Specification

- Place Of Origin: China
- Name: YT-101S
- Mounting Height: <36mm
- Dimension: 3150*2250*1650mm
- Total Weight: 2000kg
- Power: 380AC 50HZ
- Power Consumption: 8KW
- Mounting Speed: 80000CPH
- Warranty: 1 Year
- Visual Camera: 2 Sets Of Imported Camera
- Drive Way: High-end Magnetic Linear Motor +servo Motor
- Highlight: **LED Mounting Machine 80000CPH, magnetic motor LED Mounting Machine, 8KW LED Lamp Manufacturing Machine**

Product Description

led lights assembly machine led lamp manufacturing machinery led lamp manufacturing machinery with feeder station pick and place robots

Features of SMT pick and place machine

YT-101 pick and place machine with high speed and intelligent ,ultra performance.
This pick and place machine with high-speed multi modular head,Non replace modular head,Apply 0201~40*40mm tape reel package.The speed reach 40000CPH.

Pictures of pick and place machine

MORE THAN INNOVATION

ETON HORNOR SERIES

YT101S

Features

Mounting precision: $\pm 0.02\text{mm}$
Feeder station: tape reel packages 32PCS
Components: 0201~40*40mm packaging material and IC material
Mounting speed: 40000 CPH (Under the best conditions)
PCB size: Max size (500*350MM) Min size (50*50mm)

Exclusive patented technology:

Electronic feeder feeding system

Independent vacuum detection
of reclaiming material

Auto-optimization after coordinates
generated

SMT PRODUCTION LINE SOLUTION

SMT production process		
process	Step.	details
Step 1	Solder paste Printing	Operate the stencil printer to print the solder paste onto the PCB
Step 2	Mounting Part	The PCB board that has been brushed with solder paste will be sent to the pick and place machine for automatic mounting, and the pick and place machine will automatically pick components and place on PCB
Step 3	Reflow Soldering	The PCB board be mounted with components is sent to reflow oven, reflow oven will heat and welding the components with solder paste on PCB.
Step 4	Testing	Check whether the PCBA is misaligned or shift.

Our Services

we will send our engineer to your factory to install machine and training freely.

We have service office in india, and have indian engineer in delhi and mumbai. Can support quickly.

Standard warranty is one year, during warranty, any parts need to be repaired and replaced will be free.

Pre-Consultation: provides professional SMT solutions for the full line.

■ Factory Warranty: One-year warranty factory service.

■ Installation: On-site installation and commissioning, to ensure smooth production.

■ Software Upgrade: offers lifetime free software upgrades for all products

FAQ

1. What about the shipping methods?

Our mode of transportation is by sea, air and road.

2. What's your delivery time?

Usually 30 days after deposit, if we have inventory, the time can be brought forward.

3. How can you make sure we will receive the machine with high quality?

Our team will inspect each batch of machine before delivery, we have certificates of CE, Quality management certificate.

4. How is your service?

If you buy our machine, we will send our engineer to your factory to install machine and training freely.

5. Who is your client?

We have exported machine to different countries, such as India, Egypt, Korea, Turkey, Brazil etc.

Such as FSL, ETI, KONKA, OPPL, MLS are our client, In india such as RK, Surya, skyquad are our client.

6. Is your software interface in English?

English interface and Chinese interface are both available.
