

24 heads 0402 single module multifunctional pick and place machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Certification: CCC, CE, SIRA
- Model Number: HT-E8D
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum package, wooden case
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets/month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Power Supply: 380AC 50HZ
- Condition: 100% Original
- Weight: 2500KG
- Mounting Speed: 90000cph
- Dimension: 3150*2250*1650mm
- Pcb Thickness: 0.5~5mm

Product Description

HT-E8D:24 heads 0402 single module multifunctional pick and place machine

Product Description

HT-E8D-1200 is big machine for producing two pcb at the same time with 90000 CPH. Specially, it is suitable for max pcb size is 1200*300mm, suitable for led tube/panel/led strip/bulb/lens/etc.

ETON tech adjustable placement head. Component picking position can be adjusted. According to PCB pad. Apply to LED chip, capacitors, resistors, lens, IC, shaped components etc and component-MIN size 0404, MAX height 15mm. The placement head adopt the method of two times picking and once placing. The placement time greatly minimized with the improved placement way, excellent optimum capacity reach 90000CPH.

Technical parameter

Model	HT-E8D
Length	3150mm
Width	2250mm
Height	1650mm
Total Weight	2500kg
PCB size(L*W)	Max:1200*300mm Min 100*100mm
PCB Thickness	05-5mm
PCB Clamping	Adjustable pressure pneumatic
Mounting mode	Group picking and separately placing, separately picking and separately placing
System	Windows7
Software	R&D Independently
Display	Touch screen monitor
Input Device	Keyboard, mouse
No. of camera	2sets Digital camera (Digital camera)
Components	LED chip, capacitors, resistors, IC, shaped components, etc.
No. of feeders station	28PCS
No. of nozzles	12PCS

ETON Profile

Shenzhen ETON Automation Equipment CO., LTD. is one of very few high-tech manufacturers committed to provide "professional, high efficiency, low consumption" automatic high-speed SMT pick and place machine for customers, combining product development, production, sales and service as one. At present, as for the series "HT" high-speed and multi-functional machine, speed is the world's fastest. "Speed" and "Stability" are the core competencies of ETON, technology innovation and strict quality management principles coupled with excellent service, to enable us provide better professional full SMT solution continuously and create superior value for our customers.

Our Service

Trade show and sales service

We will provide the sales service through e-mail and exhibitions to communicate face to face, let you feel the real competitive products.

After sales service

Maintenance period: 1 year.

Visit customers regularly and gather information.

Provide latest information about technology and equipment.

FAQ

1. do you provide engineers service?

Yes, of course. We have local engineers and office in India, Egypt etc, Who can provide free training, debug and installation door to door timely.

2. How long is the warranty period?

Provide one year warranty period shall be replaced free of charge when All parts damaged

3. Is the cost of feeders being included the machine cost?

Feeders need to be purchased separately according to the size of the components, which is not included in the price of the machine.

4. Do you provide personal customization?

Yes, of course. contact the sales specialist to customize the equipment for you.

5. How about the software ?

Our software is R&D independently by ourselves.
