

Multi Modular Head SMT Pick Place Machine For Household Appliance Driver Board

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: Guangdong China
- Brand Name: ETON
- Certification: CCC
- Model Number: yt101s
- Minimum Order Quantity: 1 sets
- Delivery Time: 30 days
- Payment Terms: T/T

Product Specification

- No. Of Head: 10 Pcs
- No. Of Feeders: Station:16pcs Tape Reel Package: 32pcs
- L*W*H: 2154*1376*1762
- Highlight: Multi Modular Head Pick Place Machine, AC380V SMT Pick Place Machine, Driver Board SMT Pick Place Machine

Product Description

一. Product Description

YT101S ranks in eton honor series.

Support component 0201-40*40mm tape reel package Such as BGA, CSP, QFP, etc.

Suitable for various home appliance driver boards, TV displays and various LED lights

二. Parameter

Brand Name	Eton
Model Name	YT101
Length*width*height	2317*1376*1762
Weight	1700kg
capacity	80000CPH
voltage	AC380V 50Hz
No of camera	2sets (digital camera) Vision alignment+ Mark correction
No. of head	10
No. of feeder station	16
Drive motor	High-end magnetic linear motor servo motor
Warranty	1 year
Place of orgin	Guangdong, China

三. Features

machine advantages

High-speed multi-module magnetic head: suitable for ultra-small chips 0201~40*40mm, and wider component range.

Brand New Flight Vision Camera

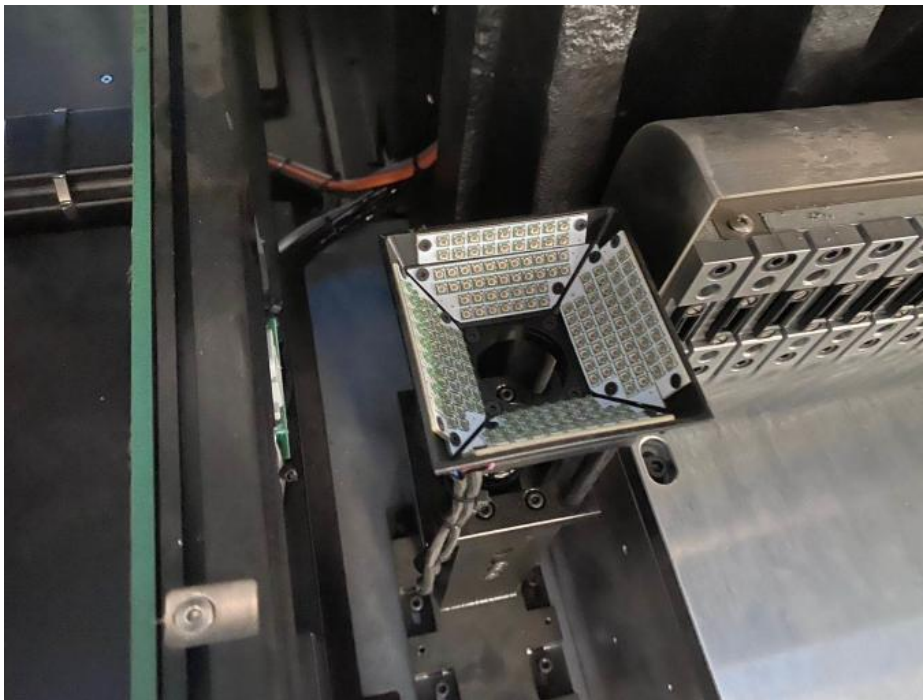

Improve recognition performance,size up to 40mm*40mm,apply to BGA or CSP etc.

Vacuum Sensing Device Each placement head with independent detection function, which improves the stability of the equipment and the

reliability of the product. Adopt High-end magnetic linear motor, servo system and multi function modular head, the capacity increased by 25% compared with traditional machine,optimum placement speed reach 40000 CPH.

Intelligent Electric Feeder

Support YT series double head intelligent electric tape reel feeder ,by optically correcting the feeding position of the component ,it can achieve stable , accurate and high-speed feeding.

四. Company Profile

Since its establishment in 2011, ETON has become one of the leaders in the global photoelectric high-speed Mounter after nearly ten years of development. The high-speed machine developed by ETON has changed the market price of LED lamps, obtained various certificates and applied for more than 100 invention patents.

- a. ETON sits in Baoan District, Shenzhen city, a prosperous and potential place, full of opportunities.
- b. We own our own industrial area, total 5w m², equipped with production centre, R&D center and quality inspection center, which can assure you by powerful company ability.
- c. We account 90% market share in China, and our products have expored to various countries, encompassing India, the United States, Eygpt, etc.
- d. We provide various premium various products for your multiple needs.

五. Package and Delivery

Packaging: standard export packaging or customized packaging.

Step 1. Pack the machine with foam cotton and then stretch the film to protect the outside of the machine

step 2. Put the desiccant in the vacuum trag to prevent moisture

Step 3. Professional wooden box packing
