

24 Heads Double Module SMT Machine For LED Bulbs / Street Light / Lens / Power Driver

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC CE SIRA
- Model Number: HT-E8D
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum package, wooden case
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets/month

Product Specification

- Warranty: 1 Year
- Application: Power Driver, DOB Bulbs, Lens, electric Board
- Dimension: 3150*2250*1650mm
- Weight: 2500 KG
- Mounting Speed: 90000CPH
- Feeders: 48 PCS
- Power Supply: 380AC 50HZ
- Condition: 100% Original
- Highlight: Double module SMT machine,
24 Heads SMT machine,
Street Light SMT machine

Product Description

NON-Stop material re-loading Double-module Multifunctional pick and place machine

HT-E8D is Double module magnetic linear motor multifunctional pick and place machine.

Possess Electronic feeder feeding system,Vision alignment flight identification,MARK correction,Non-stop material re-loading function and Auto-optimization after coordinates generated.

Product Description

The HT-E8D-1200 is a dual module maglev multi-function high-speed SMT mounter. This model of dual module is controlled by two systems, and each module is controlled by a set of independent programs. The two modules are independent of each other, which means that two PCB can be produced simultaneously and two different products can be manufactured.

The details

About our machine outline dimension

length	3150mm
Width	2250mm
Height	1650mm
Total weight	2500kg

Our machine of HT-E8D is Double module

Size	Max size: 1200mm*300mm Min size: 100*100mm
Thickness	0.5--5mm
Mounting Clamping	Adjustable pressure pneumatic
Mounting mode	Group picking and separately placing,Separately picking and separately placing
Mounting height	<15mm(Automatic Changing)
Mounting speed	90000 CPH

About the System

O.S.	
System	Windows 7
Display	Touch screen monitor
Input device	Keyboard, mouse
Feeding system	
No. Of feeders station	48 PCS
No. of head	24 PCS

About Transmission

Conveyor transmission	Max length:1200mm
Transmission speed	>1000mm/sec
Transmission direction	Both direction(option)
Transmission mode	Auto Online drive

Suction nozzle type

3014	3014,4014,2020, small resistance, capacitance, etc
3528	3528,5630,5730, small resistance, capacitance, etc
5050	5050, IC, heterosexual components, large resistance, capacitance, etc

AFTER SALES SERVICE

Global Service Office: India · Turkey · Vietnam · Egypt · Pakistan

Professional solutions :

Provide professional SMT Full line solutions.

Free Warranty:

One-year warranty factory service. All parts damaged within the warranty period shall be replaced free of charge

Free installation-On-site free installation to ensure smooth production.

Free Technical Training: Professional training of operating and maintenance

Free Technical Support: 7 *24 technical online support.

Free Software Upgrade: Offer free software upgrade whole lifetime

OUR COMPANY

Shenzhen ETON Automation Equipment CO., LTD. is one of very few high-tech manufacturers committed to provide "professional, high efficiency, low consumption" automatic high-speed SMT pick and place machine for customers, combining product development, production, sales and service as one. Rapidly evolving market forces driving towards energy efficiency and eco-friendliness, along with exciting technological advances, are driving the evolution of the lighting industry forward, providing greater opportunities and growing challenges. Eton's technicians from the Mainland, the United States, Taiwan, Hong Kong, after four years of joint research, successfully developed the world's fastest, most stable and most complete LED automatic high-speed pick and place machine, received a number of global first technology patents, which solved the issue of low productivity and higher labor cost in production of linear light. With unique technology innovation, powerful speed strength, perfect service system.

We enjoy many honors

ETON is the leading manufacturer of global optoelectronic high speed pick and place machine, the products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil etc. ETON obtains a number of intellectual property technologies, including 9 invention patents, 112 practical patents, 12 software copyrights. ETON is rated as "Shenzhen high-tech enterprise", "Guangdong high-tech enterprise", "China high-tech enterprise", "Shenzhen TOP Brand", "2015 LED Technology Innovation Award", "The 4th China LED First Innovation Award", "Industry Special Contribution Award" etc.
