

LED Automatic Adhesive Tape Machine ET-600 For LED Strip Making

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: ET-600
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

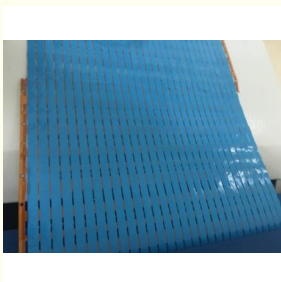

Product Specification

- Warranty: 1 Year
- Name: LED Automatic Adhesive Tape Machine
- Condition: New
- Brand: ETON
- Local Service: India, Egypt, Vietnam
- Industrial Park: 52,000 Square Meter
- Highlight: **LED Automatic Adhesive Tape Machine, LED Strip Adhesive Tape Machine**

Product Description

LED Automatic Adhesive tape machine ET-600 for led strip making

Product introduction:

According to the customer requirements, to solve the soft light, hard light, S lamp, lamp panel, LED backlight and other products with the consistency of the quality cost of artificial gum, difficult problem, this equipment after repeated research, testing, the grand launch of ET-600 plate with double-sided adhesive machine.

Product features:

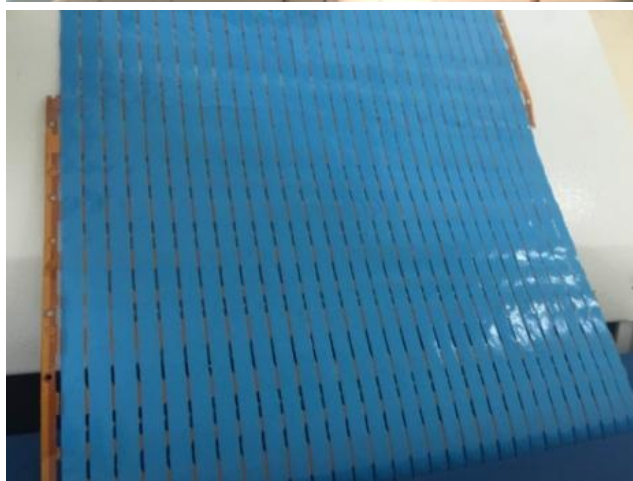

High efficiency: 5 meter soft light bar, for example, an hourly capacity of 5000 meters

High quality: double-sided adhesive non bias, the product qualified rate of 99%

The provincial Manual: a machine instead of 6-8 people's work output, simple operation

Reduce costs: save labor costs, save double-sided adhesive, easy to manage

Wide use: the use of a machine, suitable for various LED sticking gum products

Product function:

Can realize a variety of products automatically paste double-sided adhesive function;

The machine feeding can be fully automatic, semi-automatic switching;

Glue height adjustable, can be changed according to different product height;

Double-sided adhesive width adjustable, can adjust the width of double-sided adhesive according to different product sizes, can be arbitrarily switched;

It can realize single or multi stick double glue at the same time, and the efficiency is higher.

Parameter:

Voltage: 220V 50-60HZ

Power: 40W

Weight: about 70KG

Size: length 1800*, width 400*, height 1100MM (adhesive product length is not limited);

Company introduction

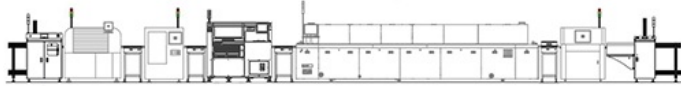

(1)Shenzhen ETON automation equipment CO.,Ltd. was founded in 2011 and Jiangxi Intelligent industrial Park was used in 2020. So far, ETON has more than 11 years experience.

(2)ETON is the leading manufacturer of global photoelectric high speed pick and place machine and enjoys a good reputation around the world.

(3)The produces have exported more than 30 countries and regions, including Egypt, India,Turkey, Russia, Brazil, South Africa and so on.

(4)ETON has five level management policy:sincere business, focus on R&D, manufacturing intentions, considerate service, customer trust.

(5)ETON also keep "no worries" after-sales service, and the products are supported to personal customization, specialist sale always track the production and transportation of equipment.

FAQ

Q: We do not experience for machine operate, is it difficult to operate?	A: Our machine is intelligent, and we have 24 online service, also we have local office in India, Egypt, Tunisia, etc.
Q: Can I visit the production site of your machines in India?	A: I have to ask my clients. After all, this is our customer's factory. We can't make decisions for my clients. I think that You wouldn't want your competitors to visit your manufacturing site. please understand
Q: What is the difference of automatic line and semi automatic line ?	A: SMT production line mainly include stencil printer , pick and place machine, oven machine. The big difference of auto line and semi-auto line is the price and the labor. Automatic line required higher cost but save much cost of labor. Usually one operator is enough. But semi automatic line need at least 2 workers.
Q: Which kind of raw material should I prepared for SMT Line?	A: For SMT line, the raw material need to be prepared mainly include: PCB : It is the support body of electronic components ; Solder paste/ stencil for Stencil printer machine; Components (such as led chip, resistor, IC, etc)/ Feeders/ Nozzles for Pick and place machine;
Q: What is your machines quality?	A: We have our own industrial park . There are production centre and R&D centre and quality inspection centre to guarantee the machines quality.
