

Multi Functional SMD Mounting Machine 24 Heads 90000 CPH DOB LED Bulb Making Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: HT-E8D
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum package, wooden case
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets/month

Product Specification

- Applicable Components: 0402
- Name: Pick And Place Machine\LED Mounter\led Assembly Machine,SMT Pick And Place Machine
- Warranty: 1 Year
- Application: SMT Production Line,LED Pick And Place,smd Pick Place
- Power Supply: 380AC 50HZ
- Weight: 2500KG
- Speed: 90000CPH
- Condition: New
- Feeder: 24
- Apply To: PCB
- Highlight: Multi Functional SMD Mounting Machine, 90k CPH LED Bulb Making Machine, DOB LED SMD Mounting Machine

Product Description

Product Description

HT-E8D-1200 is a dual-mode magnetic multifunctional high-speed LED SMT mounter.

The dual-mode group of this model is controlled by two systems, which means that two PCB boards can be produced at the same time.

Magnetic levitation linear motor is adopted. Compared with the servo motor used in most products on the market, this one has longer service life, higher precision and better mounting effect.

Multi function LED SMT mounter means that this machine is a universal machine, which can be applied to a variety of different LED lamps, such as LED bulb, DOB bulb, street lamp, down lamp, ceiling lamp, panel lamp, lamp tube, lamp strip, lamp strip, etc. it can also produce LED lens, LED display screen and driver.

Parameter

Product name	LED SMT mounter
Product model	HT-E8D-1200
Length	3150mm
Width	2250mm
Height	1650mm
Total weight	2500kg
PCB size	Max:1200*300mm Min: 100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting mode	Group picking and separate placing ,separate to pick and separate to stick
Feeding way	Electric feeder with double motor

Our Service

Trade show and sales service

We will provide the sales service though e-mail and exhibitions to communicate face to face , let you feel the real competitive products.

After sales service

Maintenance period:1 year.

Visit customers regularly and gather information.

Provide latest information about technology and equipment.

Company Profile

Shenzhen ETON Automation Equipment Co.,Ltd. -----Manufacturer of SMT automatic pick and place machine. Our Product playing a leading role in this industry. We have set a long lasting cooperation and partnership with most customers .Warmly welcome all customers to visit our company for friendship and cooperation.

ETON Company

A leading manufacturer of automatic high - speed pick and place machine

The largest high - tech LED light making machine manufacturer in China

Obtained a number of intellectual property technologies , including 9 invention patents ,112 practical patents ,12 software copyrights

ETON Industrial Park

There is 50000 square meters modern intelligent Industrial parks , equipped with an advanced processing and manufacturing center

There are various types of machines , the fastest capacity reach 250000CPH, which is the fastest machine mounting speed in the world

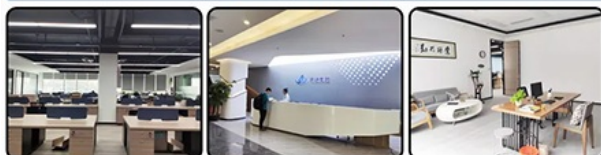

ETON Team

High service efficiency , there is service office in India .

Quality First , Client - oriented , Continuous Improvement .

24 hours online for you to answer

SHENZHEN Office

ETON Industrial Park

50,000 square meters

7 buildings

300 employees

assembly line

CNC workshop

Production line Exhibition hall

FAQ

1. do you provide engineers service?

Yes, of course. We have local engineers and office in India, Egypt etc, Who can provide free training, debug and installation door to door timely.

2. How long is the warranty period ?

Provide one year warranty period shall be replaced free of charge when All parts damaged

3. Is the cost of feeders being included the machine cost?

Feeders need to be purchased separately according to the size of the components, which is not included in the price of the machine.

4. Do you provide personal customization?

Yes, of course. contact the sales specialist to customize the equipment for you.

5. How about the software ?

Our software is R&D independently by ourselves.
