

## Adjustable SMT Mounting Machine for LED Chips Mounting Height

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,SIRE
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1
- Price: USD30000~70000
- Packaging Details: WOODEN CASE
- Delivery Time: 30 DAYS
- Payment Terms: T/T,LC
- Supply Ability: 50/PER MOUNTH

#### Product Specification

- Capacity: 45000cph
- Mounting Precision: High
- Mounting Type: Surface Mount Technology
- Mounting Process: Automatic
- Mounting Components: 0201, 3528, IC, Resistor, Capacitors, Etc
- Mounting Head: Multi-head
- Product Name: SMT Mounting Machine
- Mounting Height: Adjustable
- Xyz Axis: High-end Magnetic Linear Motor+servo Motor

## Product Description

### Product Description:

The SMT Mounting Machine is a versatile and highly advanced mounting solution designed to meet the requirements of electronic manufacturing. This machine is capable of mounting components such as 0201, 3528, IC, Resistor, Capacitors and more with a magnetic linear motor drive way. It is equipped with an adjustable mounting height and a multi-head mounting head, making it ideal for LED bulbs, LED lights, and other LED products making machine. Its advanced control system and advanced mounting technology ensures a fast, accurate and repeatable mounting performance.

### Features:

**Product Name:** SMT Mounting Machine

**Mounting Type:** Surface Mount Technology

**Mounting Height:** Adjustable

**Mounting Process:** Automatic

**Mounting Head:** Multi-head

**SMD PICK AND PLACE MACHINE:** Yes

**LED Chip Mounter:** Yes

### Technical Parameters:

Feature	Details
Mounting Height	Adjustable
Capacity	45000cph
Mounting Head	Multi-head
Product Name	SMT Mounting Machine
Drive Way	Magnetic Linear Motor
Mounting Precision	High
Mounting Type	Surface Mount Technology
Mounting Components	0201, 3528, IC, Resistor, Capacitors, Etc
Mounting Process	Automatic

### Applications:

The ETON HT-E8S-1200 SMT Mounting Machine is an advanced, highly efficient and reliable LED light making machine designed and manufactured in China. It is equipped with a multi-head mounting head, adjustable mounting height, and an automatic mounting process to ensure fast and accurate mounting of LED components. This SMT machine is CE, CCC, and SIRE certified and has a minimum order quantity of one unit. It also has a capacity of 45000cph and is priced between USD30000 to 70000 depending on the quantity and specific requirements. The delivery time for the machine is 30 days and payment can be made through T/T or LC. The machine is delivered in a wooden case and the company has a supply ability of 50 units per month.

The ETON HT-E8S-1200 SMT Mounting Machine is ideal for SMD Pick and Place applications. It is used for assembling and mounting electronic components such as resistors, capacitors, and ICs on circuit boards. The machine can handle a variety of component sizes and shapes, and is suitable for use in a wide range of industries including consumer electronics, automotive, aerospace, medical, and military. This machine is highly efficient, fast, and reliable, and is capable of producing high-quality LED light components. The machine is also easy to operate and maintain, making it an ideal choice for any SMT production line.

### Support and Services:

SMT Mounting Machine Technical Support and Services

Our SMT Mounting Machine is supported by a comprehensive technical support and service system. Our team of experienced engineers and technicians are available to provide the following services:

Troubleshooting and repair of SMT Mounting Machine

Analysis and diagnosis of SMT Mounting Machine performance problems

Installation and setup of SMT Mounting Machine

Maintenance and replacement of SMT Mounting Machine components

On-site technical support and training

Warranty and repair services

Consultation on SMT Mounting Machine upgrades and modifications

For more information about our SMT Mounting Machine technical support and services, please contact us at [INSERT CONTACT INFO].

### Packing and Shipping:

Packaging and Shipping of SMT Mounting Machine:

Before shipping, the SMT Mounting Machine will be carefully packed with a cardboard box. The box will be labeled with the product description, product serial number, and the customer's address. The packaging will also include protective foam to ensure the safety of the SMT Mounting Machine during transportation.

The SMT Mounting Machine will be shipped via a reliable courier service such as FedEx or UPS. The customer will receive a tracking number to monitor the delivery progress. The estimated delivery time is 3-5 business days depending on location.

### FAQ:

Q: What is the brand name of the SMT Mounting Machine?

A: The brand name of the SMT Mounting Machine is ETON.

Q: What is the model number of the SMT Mounting Machine?

A: The model number of the SMT Mounting Machine is HT-E8S-1200.

Q: Where is the SMT Mounting Machine manufactured?

A: The SMT Mounting Machine is manufactured in China.

Q: What certifications does the SMT Mounting Machine have?

A: The SMT Mounting Machine is certified with CE, CCC, and SIRE.

Q: What is the minimum order quantity of the SMT Mounting Machine?

A: The minimum order quantity of the SMT Mounting Machine is 1.
