200kg Automatic Pick and Place Machine

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,SIRE
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1
- Price: USD30000~70000
- Packaging Details: WOODEN CASE
- Delivery Time: 30 DAYS
- Payment Terms: T/T,LC
- Supply Ability: 50/PER MOUNTH

Product Specification

- Warranty: 1 Year
- Color: Silver
- Application: Industrial
- Accuracy: High Accuracy
- Type: Automatic
- Weight: 200kg
- Voltage: 220V
- Size: Customized

Product Description

Product Description:

The **Intelligent Pick-and-Place Machine** is an automated pick-and-place robot system designed for industrial production. This machine is capable of performing a wide range of tasks, making it suitable for a variety of industries. With its custom-made size, this machine is suitable for all kinds of production needs, and its automatic operation is very user-friendly. It is also very light and portable, weighing only 200 kg. This machine's silver color gives it a sleek, modern look, and the 1 year warranty ensures its longevity and reliability. This pick-and-place machine is the perfect solution for businesses looking to optimize their production process. It is an intelligent and efficient solution for any industry that needs a pick-and-place robot.

Features:

Product Name: Intelligent Pick-and-Place Machine

Application: Industrial

Accuracy: High Accuracy

Type: Automatic Pick-and-Place

Control System: PLC

Material: Metal

Technical Parameters:

Parameter	Value
Voltage	220V
Type	Automatic
Warranty	1 Year
Power Source	Electric
Material	Metal
Accuracy	High Accuracy
Weight	200kg
Size	Customized
Color	Silver
Control System	PLC
Feature	Automatic Pick-and-Place, Intelligent Pick-and-Place, Pick-and-Place Robot

Applications:

ETON's HT-E8S-1200 Robotic Pick-and-Place Machine is a reliable and efficient solution for industrial automation. It is designed and manufactured in CHINA with CE,CCC,SIRE certifications. It is built with high-precision materials to ensure reliable and durable performance. It is able to pick and place items with a minimum order quantity of one. The price range is USD30000~70000 and it is packaged in wooden cases. Delivery time is within 30 days and payment terms can be T/T or L/C. The supply ability is 50 per month. The machine is automatic and comes with a one-year warranty. It is also available in customized sizes and comes with a voltage of 220V. This intelligent pick-and-place robot is suitable for various industrial applications and is an ideal solution for automated pick-and-place operations.

Customization:

Electronic Pick-and-Place Machine

Brand Name: **ETON**

Model Number: **HT-E8S-1200**

Place of Origin: **CHINA**

Certification: **CE,CCC,SIRE**

Minimum Order Quantity: **1**

Price: **USD30000~70000**

Packaging Details: **WOODEN CASE**

Delivery Time: **30 DAYS**

Payment Terms: **T/T,LC**
Supply Ability: **50/PER MONTH**
Type: **Automatic**
Control System: **PLC**
Size: **Customized**
Product Name: **Pick And Place Machine**
Accuracy: **High Accuracy**

Support and Services:

Pick And Place Machine Technical Support and Service

At XYZ Company, we provide a comprehensive technical support and service for our Pick And Place Machine.
