220V SMT Mounting Machine with MARK Visual Correction for LED Production

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Condition: 100% Original, Brand-new
- Weight: 1700kg
- Mounting Speed: 45000 CPH
- Feeders: 28
- Speed: 45000 chips/h

Product Description

Automatic SMT Mounting Machine with 45000CPH Pick and place machine

Product Description of E8S pick and place machine

SMT Mounting Machine – ETON HT-E8S-1200

The SMT Mounting Machine is an advanced LED chip mounter made by ETON, a leading manufacturer in China. It features a 45000cph capacity, making it ideal for LED bulbs making machine and SMT production line. The HT-E8S-1200 model is certified by CE, CCC, and SIRE, and comes with a minimum order quantity of one. It is available for USD30000~70000, and is delivered in a wooden case within 30 days after payment. It can be paid with T/T or LC, and a supply of 50 units per month is available.

It is an automatically operated machine with a magnetic linear motor drive way. It is capable of mounting components such as 0201, 3528, IC, resistors, capacitors, and etc. The SMT Mounting Machine is a reliable and efficient product that offers great value for money.

Features of E8S pick and place machine:

Product Name: SMT Mounting Machine

Mounting Process: Automatic

Capacity: 45000cph

Mounting Type: Surface Mount Technology (SMT pick and place machine, LED light making machine, SMD PICK AND PLACE MACHINE)

Mounting Height: Adjustable

Technical Parameters of e8s pick and place machine:

Attributes	Value
Product Name	SMT Mounting Machine
Drive way	Magnetic Linear Motor
Mounting Height	Adjustable
Mounting Components	0402, 3528, IC, Resistor, Capacitors, Etc
Mounting Head	Multi-head
Capacity	45000cph
Mounting Type	Surface Mount Technology
Mounting Process	Automatic
Mounting Precision	High

SMT production line

We have full range of pick and place machine production line equipment , So we have the professional suggestions for you to build the production line.

Solder paste printer machine: The solder paste is Stencil printed on the PCB board through the Stencil of the printer.

Pick and place machine: Mount the electronic component at the specified position on the PCB.

Reflow oven: Melt the solder paste and fix it to the mounting element.

Single conveyor: Inspect the quality of assembly and welding to cushion the production line.

Service

Maintenance period 1year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

Provide latest information about technology and equipment

We give professional technology suggestion with our clients.And share the updates news to our clients

Packing and Shipping

Step 1. Film packaging

Prevent the machine from dust ,water,crash and shaking

Step 2. Add foam+film packaging

Double safe protection,Prevent the machine from crash and shaking

Step 3. Unique tin foil packaging

Add tin foil packing can prevent the film from scratch broken.

Step 4. customized Strong wood carton packing

The customized strong wood packing for ocean ship,The machines are fix oin the wood carton, effectively prevent collision and shock.

For spare parts usually we'll pack it separately with box. :This is the packing reference for the feeders and some spare parts .

FAQ

Q: What we can do for you?

A: We provide SMT machine,we can aslo provide Production line scheme and so on.Professional Technical Support and Service.

Q: What is your delivery date?

A: The delivery date is about 25-30 days after receipt of deposit.

Q: What is your payment terms?

A: 30% deposit and 70% balance before shipment.

Q: This machine is easy to use ? if I have no experience, I can also operate it well ?

A: Yes, our machine is designed to use easily, Normally it will take you 1 day to learn how to operate, if you are a technician, it will much faster to learn.

Q: What is the payment way ?

A: We accept the payment terms: T/T, L/C.
