High-Precision SMT Mounting Machine: 1200*500mm PCB Assembly 45000CPH

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Condition: 100% Original, Brand-new
- Weight: 1700kg
- Mounting Speed: 45000 CPH
- Feeders: 28
- Speed: 45000chips/h

Product Description

45000CPH SMD Mounting Machine 1200*500mm PCB Assembly pick and place machine

The Features

The machine is easy to operate and generally only takes five days. We will provide free online or offline teaching.

The beam adopts linear guide and grating ruler. Make the head do high-precision reciprocating motion, with high detection accuracy and fast response speed.

28 feeders can be placed, which can greatly satisfy the number of components placed by customers. Conduction to faster product output, better and more convenient.

▲ X,Y,Z DRIVE WAY
Magnetic linear motor
Servo motor

▲ Dragon Chain

PCB size:1200*350mm
Speed:45000CPH

Mounting components:
led, capacitor, resistor, IC,
shaped components, etc.

Cameras ▼

2 sets of imported cameras
Vision for the flight identification
Mark corection

Electric Installation ▼

- SMT Electrical components
Import from Japan
- Ensure high accuracy and high stability

○ X,Y,Z Axis Drive way:
Magnetic linear motor
Servo motor

○ Software: R&D independently
Free updates for life

Technical Parameters

Parameter	Specification
Machine Dimension	1600*2100*1400mm
Components Range	0402, Led Chips, Resistors, Capacitors, Etc.
PCB Thickness	0.5-5mm
Weight	1800KG
Power Supply	380V/50Hz
Mounting Speed	45000CPH
Mounting Height	15mm
PCB Size	100*100mm-1200*500mm
Voltage	220V
Mounting Accuracy	±0.02mm

Applications

The ETON HT-E8S-1200 Automatic SMD Mounting Machine is a high-end, reliable, and efficient SMD placement machine that is certified by CE, CCC, and SIRE. It comes in a WOODEN CASE and can be delivered within 30 DAYS with payment methods of T/T or LC. It has a maximum supply capability of 50/PER MOUNTH. This machine runs on 220V and can achieve a mounting speed of 45000CPH, with a power supply of 380V/50Hz. It has a dimension of 1600*2100*1400mm and a mounting accuracy of ±0.02mm.

Client Country

Our products not only sell well in China, but also exported to more than 20 overseas countries, such as South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil, Iran and so on. Some listed companies including Changfang, Wanrun Technology, Mulinsen, Linghang, Century Classic, Zhuhai Taobo, Huizhou Guozhan Electronics, etc.

Service

We are committed to providing our customers with the highest quality technical support and service. Our experienced technicians are on hand to provide assistance with any technical issues you may have with your SMD Mounting Machine. We understand that our customers rely on our machines for their production, so our team is dedicated to providing a prompt, knowledgeable response to any inquiries.

Our technical support and service includes:

Troubleshooting and diagnostics for any technical issues

Software updates and upgrades

Hardware repairs and maintenance

Training and education on the use and operation of the machine

Access to our online customer support portal

If you have any questions or concerns about your SMD Mounting Machine, please do not hesitate to contact our team. We are here to help!

FAQ

Q: What is your actual speed of your products?

A: For the actual speed of the machine which is constrained by many factors, that related to the number of the components, the time to send PCB board and receive the board that will have influence on the speed when in production, and is decide for the actual products and needs.

Q: Can I go and see if you have sold the equipment to India?

A: Yes, we have sold our machine in India, but for the fact we can't decide it for our customer, but I will try to contact our customer. Hope you can understand, because no one wants their competitors to visit their manufacturing site.

Q: It's hard to use the machine?

A: Machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate
