## SMT mounter 250000CPH for led light making machine pick and place machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F9
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Condition: 100% Original, Brand-new
- Mounting Speed: 40000 CPH
- Feeders: 28
- Application: 1.2m Rigid Pcb And 1m FPCB
- Local Service: India, Egypt, Vietnam

## Product Description

### 3020 3528 5050 Led Lamp Making Machine Pick And Place Automation Equipment

#### led light machine production led bulb automatic machine pcb assembly line

#### Product Description

Dimension	2700*2300*1550mm
PCB size	Max:1200*330mm Min:100*100mm
PCB Thickness	0.5-5mm
Mounting Mode	Group to take and group to mount
No. of Camera	5 PCS digital camera
Mounting Speed	250000 CPH
Applicable Components	LED 3014/3020/3528/5050,resistor,capacitors,bridge rectifiers
Feeders Station	68PCS
No. of Nozzles	68PCS
X,Y Axis drive way	High-end magnetic linear motor +servo motor

1. Apply to the 0.6m,0.9m,1.2m rigid PCB and 0.5m,1m LED flexible strip. Producing with producing with 4 types materials at the same time with high capacity, available for board with any proportion of led chip and resistor.
2. Dual arm four module, 17 nozzles for each mounting part, part A/B/C/D can be mounted separately or synchronously.

# HT-F9

#### Introduction of Our company

Since its establishment in 2011, ETON has been committed to the development and production of SMT placement machines. Strong reach and develop technology team, support machine upgrade continuously, support client strong technical support. Rich experience in SMT Industry Line. ETON set up more than 10 years, we are leading manufacturer of SMT machine in China.

Strong production capacity, ETON have more than 50000 square meter Industrial park in Jiangxi Province, machine capacity more than 50 units/month.

Good and professional service. Provide engineer Door-to-door service, support video online training, video training. share,free replaced machine core part during warranty. And also we could provide professional SMT line solution.

#### Company

- 1: 50000 square meters industrial park ensure the brand effect and present company strength.
- 2: Own manufacturing center, equipped with an advanced processing and manufacturing center, strict quality control, and standardize production, streamline production processes make our machines has high quality standard and strong supply capacity.
- 3: More than 10 years LED lighting field experiences sharing, provide the most suitable SMT program to every client

#### Production

Own manufacturing center, equipped with an advanced processing and manufacturing center, strict quality control, and standardize production, streamline production processes make our machines has high quality standard and strong supply capacity.

#### Research

Independent research and development, make the software and machines has best program. And can provide the whole life free update on software. Own design and produce feeders make the machines' stability and long-life feeding and good performance.

### Our patents and certifications

We got 9 invention Patents, 112 practical patents, 12 software copyrights.

- ⊗ Electronic feeder feeding system.
- ⊗ Vision alignment flight identification, Mark correction.
- ⊗ Auto-optimization after coordinates generated ,etc.
- ⊗ Non-stop material re-loading function.

#### Certificate of Honor

### More smt production line equipments

We have full range of pick and place machine production line equipment , So we have the professional suggestions for you to build the production line.

Below are the suggestion of basic steps for the pick and place progress and equipment :

## ETON China SMT machine industry leader

### Our advantage

-  **Efficient team:** The best suggestions of full SMT line equipment according to your budget and site.
-  **Competitive price:** We are directly manufacture of the ETON pick and place machine, so we can give you the best competitive price with high quality materials .
-  **High quality:** We have strictly quality control during all production from raw materials to the finished machine.
-  **High efficiency :** All machines parts are made by ourselves, so it' s convenient to control the time schedule and quality timely.

### Package and delivery

- ✳Standard export vacuum waterproof package
- ✳Strong wooden package for ensure safely delivery of heavy and large equipment
- ✳Delivery:By air,sea and railway.

### Advantages of SMT:

- High assembly density, small size and light weight of electronic products
- High reliability, strong vibration resistance, low solder joint defects
- Easy to realize automation and improve production efficiency

### FAQ

Q1: Is it safe during the delivery?

A: All the machine is packed safely, by standard strong wooden carton with vacuum package.

Q2: how is the breakdown rate of machine?

A: our machine is very stable, the breakdown rate is less than 0.001.

Q3: Does your machine have quality certificate?

A: Our machine have pass CE certificate, SIRA, ISO and have patent

Q4: Can you support whole SMT line?

A: Yes, we can provide whole line solution if you want. We are very professional on SMT field.
