ETON Machine ET-5235 Stencil Printer for led and electric board making machine in SMT

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: ET5235
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

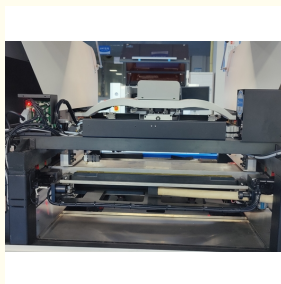

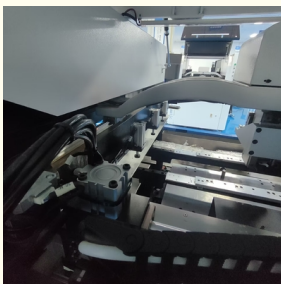

Product Specification

- Warranty: 1 Year
- Name: SMT Stencil Printer Machine
- Application: For SMT Machine
- Condition: 100% Original, Brand-new
- Type: Automatic
- Usage: Circuit Board Assembly, SMT Mounting Machine
- Squeegee Speed: 6-300mm/sec
- Transport Speed: MAX 1200mm/s Programmable

Product Description

ETON Machine ET-5235 Stencil Printer for led and electric board making machine in SMT

Parameter

Model	ET-5235	
Screen Frames	Max Size	737mm
	Min Size	470mm
	Thickness	25-40mm
PCB Size	MAX:520*350mm MIN:50*50mm	
Transport Height	900±20mm	
Transport Direction	Left-Right; Right-Left; Left-Left;Right-Right	
Transport Speed	MAX 1200mm/s Programmable	
Print Head	Two independent direct-connect motor-driver printheads	
Squeegee Speed	6-300mm/sec	
Cleaning System	Dry,Wet,Vacuum(Programmable)	
Printing Accuracy	±0.025mm	
Cycle Time	≤9s (Exclude Printing&Cleaning)	
Power Input	AC:220±10%, 50/60HZ 1Φ 3KW	
Control Method	PC Control	
Dimension	1240(L)*1450(W)*1650(H)	
Weight	Approx:700kg	
PCB Transfer Overhead Height	10mm	

Our advantages

Rich experience in SMT Industry Line. ETON set up more than 10 years, we are leading manufacturer of SMT machine in China.

Our machines are of better quality, more accurate and faster to mount. We also have our own exclusive patented technology such as dual motor electronic Feeder feeding system, flight identification visual alignment, group picking and group placing and so on.

Our after-sales service of Pick and Place Machine

Provide latest information about technology and equipment

We give professional technology suggestion with our clients.And share the updates news to our clients.

Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Maintenance period 1year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

Exhibition

ETON Exhibition

ETON is committed to building an international brand, dominated by SMT machines, to show the world the technological strength of our brand, and to show the quality of our machines on a global scale. In the past, we have participated in many LED lighting exhibitions and professional equipment exhibitions in India, Vietnam, Thailand, Turkey, Egypt and other countries.

Our products not only sell well in China, but also exported to more than 20 overseas countries, such as South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil, Iran and so on. And we also participate in many abroad and domestic exhibition .
Abroad: Thailand Exhibition, Turkey exhibition, India Mumbai exhibition, India Delhi exhibition, Pakistan exhibition, Egypt exhibition and others.
Domestic :Guangzhou Guangya Exhibition, Shanghai Munich exhibition and Chongqing led exhibition and so on.

Packaging

Filming packing: Make the machine sanitary, clean, sealed packaging, dust and humidity; have good shock resistance, impact resistance, and good protection performance with tightness and fixity.

vacuum packing: Advantages of moisture proof, dust proof and so on.

wooden packing: It has good cushioning performance, corrosion resistance, high strength and hygroscopicity, moisture-proof and earthquake-resistant functions.

FAQ

Q1: What is the optimal capacity of your products?

A: The actual product of the mounter in this industry is conservatively estimated to be 60% of the optimal production capacity, but it all depends on the product you want to do, PCB design, component type, component quantity, etc

Q: How is the training?

A: After purchasing our products, you can send your engineers to study in our factory, or we can send our engineers to your factory to train your staff for you.

Q: Does your company have any other machines?

A: Yes, we are a professional manufacturer of SMT placement machines. In addition to on-board loading machines, our company also has semi-automatic printing machines, positioning machines, reflow soldering, connecting stations, conveyor belts and other SMT production line.
