

ET-UL330 LED Light Production Line SMT PCB Unloader CCC certificates

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: ET-UL330
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Name: SMT Unloader
- Application: SMT Production Line, for SMT Machine
- Condition: New, 100% Original, Brand-new
- Type: SMT Machine Related Products, Automatic
- Usage: LED
- Highlight: LED Light Production Line PCB Unloader, LED Light Production Line SMT Unloader, PCB Unloader Machine CCC

Product Description

Factory directly LED light production line high quality SMT PCB Unload Machine

Description of LED light production line

Used for the terminal of SMT production line, take back the multi-sided PCB board, after receiving the signal from the host computer, receive the PCB board one by one and push the PCB into the material frame for storage.

Specifications

Frame	Special aluminum profile guide rail and special thousand bird type plastic chain
Structure	Pneumatic clamp structure
0.8M long push plate Conveyor	1 set
Magazine Specifications	L460*W400*565mm
Maximum size of PCB	L450*W330
Direction	Left to right / right to left
Closing function	Automatic
No. of Full load storage board	50 pcs

Feature of SMT Unload Machine

Mainly used at the end of the SMT production line to store the soldered PCB board through the material frame, with automatic board receiving function

The control system adopts PLC control, and the operation interface adopts touch screen, with stable performance and convenient operation.

The frame structure adopts sheet metal welding, aluminum profile construction, and the surface is painted.

Apply

ET-UL330 is track unloader machine, apply to smt production line

Similar products

There are other five modules of unloader machine

Modules	Max PCB size
ET-DUL	L330*W250mm
ET-UL250	L330*W250mm
ET-UL330	L450*W330mm
ET-UL390	L530*W390mm
ET-UL460	L525*W460mm

The semi-automatic production line

Solder paste printing machine, conveyor, Pick and Place machine, reflow oven.

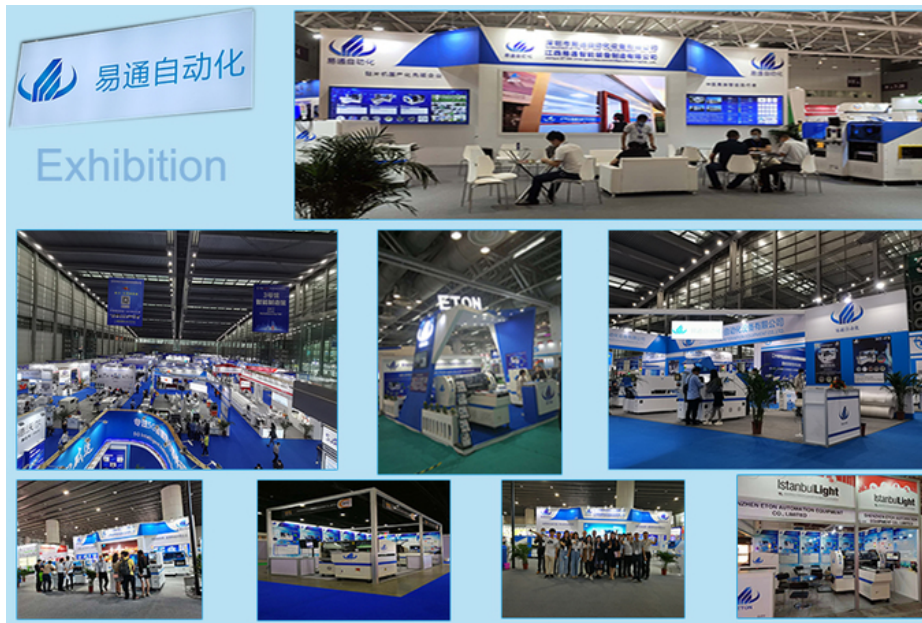

The full-automatic production line

PCB Loader, conveyor, transplanting machine, buffer frame, automatic printing machine, pick and place machine, belt transport guide rail, reflow oven, PCB Un-loader.

Exhibition

Our company participates in five or seven exhibitions every year. Take 2018 to 2021 years of data as an example:

- 2018.05 Thailand led lighting Exhibition
- 2018.06 Guangzhou Exhibition
- 2018.07 Shenzhen Intelligent Equipment Exhibition
- 2018.09 Istanbul lighting Exhibition
- 2018.12 India Delhi lighting Exhibition
- 2021.04 Shanghai NEPCON Exhibition
- 2021.06 go to Guangzhou Guangya Exhibition

Industrial Park

We have 50000 SQM industrial park,equipped with an advanced processing and manufacturing center,strict quality control,and standardize production,streamline production production.

FAQ

Q: What's the terms of payment? What about the trade term?

A: T/T is OK. You can choose FOB Shenzhen.

Q: What's your delivery time?

A: Usually 30 days after deposit, if we have inventory, the time can be brought forward.

Q: Is there any quality guarantee?

A: We stick to quality first, client-oriented, Continuous improvement!

Q: Is your software interface in English?

A: English interface and Chinese interface are both available.

Q: It's hard to use the machine?

A: No, not at all. For our previous clients, at most 5 days is enough to learn to operate the machines.
