

0402 SMT Machine Mounter 45000CPH With Magnetic Linear Motor For Electric

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Condition: New, 100% Original, Brand-new
- Mounting Speed: 45000 CPH
- Type: Automatic
- Usage: Circuit Board Assembly, SMT Mounting Machine, LED
- Feeders: 28
- Highlight: **SMT machine mouter, SMT Mouter Machine For Electric, 0402 pick and place mouter**

Product Description

Multifunctional LED products SMT machine

Machine main features

Single module magnetic linear motor multifunctional pick and place machine.

Mounting components: LED chip, capacitors, resistors, lens, IC, shaped components, etc.

Component: Min. size 0402. Max. height 15mm.

Application: power drive. electric board. Lens. DOB bulb. Linear bulb. Household appliance, etc.

Production parameter

Dimension	2550*1650*1550mm
Weight	1700KG
PCB size	Max.1200*500 Min.100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting speed	45000CPH

Company profile

1. We had building a long-term partnership with some strong factories!
2. We specialize in this field for 10 years
3. We have our own professional designers
4. We have 50,000 square meters of industrial park.

SMT Machine

For SMT peripheral equipment: it is mainly included automatic Loader machine, Automatic stencil printer machine, Semi automatic stencil printer machine, Conveyor machine, Pick and place machine, Reflow oven machine, Un-loader machine, testing machine(SPI, AOI, X-RAY) etc.

All of our SMT pick and place machine and SMT peripheral equipment is supported to customize according to the requirement of customers

Certificate

Certificate

We got 9 invention patents, 112 practical patents, 12 software patents.

Service

Maintenance Period: 1 year.(whole machine, any parts need to be repaired or replaced will be free

Upgrade the software will be free

Visit customer regularly and gather information.

Provide latest information about technology and equipment.

FAQ

1.How can you make sure that the products won't be damaged or wet?

We take multiple measures to protect the products. They are first packing with individual. We put them into a carton and wrapped with plastic film and sealed with tape to keep the cartons in position and protect them from water.

2.What is your machines quality?

We have our own industrial park. There are production centre and R&D centre and quality inspection centre to guarantee the machine quality.

3.What are your advantages?

Our company stick to five level management policy: sincere business, focus on R&D, manufacturing intentions, considerate service, customer trust.

4.The products you are advertising are in stock?

The delivery date is about 20 days upon the full payment. Some times we have some in stock for ship , before shipping we'll do some machine test for clients .

5.Can your conveyor be customized?

Of course, we can provide you with customized service of the machine.

SMT is widely used, and greatly promotes the miniaturization and multi-function of electronic products, and provides conditions for mass production and low defect rate.

SMT production assembly density is high, light weight, small size, high reliability, high frequency characteristics, high degree of automation, high production efficiency, low cost.

SMT technology is applied in many fields, in the assembly and connection of electronic products, communications, computers, aerospace technology, medical products, automotive, digital electronics, household appliances, office automation and so on. In the future, the application of SMT will only increase, with a wider range and more applications
