

High-Speed SMT Mounting Machine For LED Lens Making SMD Component Mounting Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8D-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Condition: New, 100% Original, Brand-new
- Mounting Speed: 40000 CPH
- Type: Automatic
- Usage: Circuit Board Assembly, SMT Mounting Machine, SMD, LED
- Feeders: 48
- Highlight: SMT Mounting Machine for LED lens, LED Lens Making SMT Mounting Machine, 40000 CPH smd component mounting machine

Product Description

Double Module SMT Machine For All LED Lights

Description

Do you want to produce more diversified products?

Is the PCB size larger than the mounting range of the machine?

Do you want to use one machine to produce two products at the same time?

One module HT-E8D could solve all of these problems!

HT-E8D of Technical Parameter

Dimension	3150*2250*1650mm
PCB Size	Max: 1200*300mm Min: 100*100mm
PCB Thickness	0.5~5mm
Mounting mode	Group picking and separately placing, separately picking and separately placing
Mounting precision	±0.04mm
Mounting height	<15mm (Automatic changing)
Mounting speed	90000 CPH
No. of camera	4 sets Vision for the flight identification, Mark correction
Components space	0.2mm
No. of feeders station	48 PCS
No. of head	24 PCS

Product application

Applications: all kinds of led lights LED bulbs, DOB, lens, led tube, led strip, down light, table light, spot light, ceiling light, panel light, electric board, power driver etc.

Components: led chips, resistor, capacitor, bridge rectifiers, IC, lens, shaped components etc.

				
Bulb PCBA	DOB PCBA	Electric board	Power driver	Home appliance control panel
				
LED bulb	DOB	LED street light	LED spot light	LED Display
				
Panel light	Corn light	LED high bay light	LED down light	Lens products

ETON Advantages

(1)**Suitable machines:** various machines are apply for various products, **DOB, LED bulbs, lens, streetlight, ceiling light, spotlight, flexible strip, electric board, power driver, household application, display min component 0201**, highest capacity reach **500000CPH**;

(2)**Complete service:** local engineers and office provide **freely training and installation, software freely upgrade whole lifetime**;

(3)**Market and export:** Help 90% of domestic LED factories to build production lines; Foreign exports to more than 30 countries and regions, such as Turkey, India, Egypt, Brazil, Russia, Pakistan, South Korea, etc

Packaging

Vacuum packaging and wooden cases

All machines are packed with vacuum and wooden packing like the one in the pictures.

Step 1. Film packaging

Prevent the machine from dust ,water,crash and shaking.

Step 2. Add foam+film packaging

Double safe protection,Prevent the machine from crash and shaking.

Step 3. Unique tin foil packaging

Add tin foil packing can prevent the film from scratch broken.

Step 4. customized Strong wood carton packing

The customized strong wood packing for ocean ship,The machines are fix oi in the wood carton, effectively prevent collision and shock.

FAQ

Q: Do you have oversea after sale service?

A: We can provide technical support abroad. If you have any technical problems, our engineers will provide you with timely support.Abroad, we have India office, Indian engineer, Egyptian office and Egyptian engineer , etc.

Q: How is the training?

A: After purchasing our machines, you can send your engineers to our factory, or we send our engineers to your factory, and then we will train your personnel to operate these machines. Online training and video tutorials. During the epidemic, if our engineers can't make it through, we also have special one-on-one online training and video tutorials.

Q: What is your actual speed of your products?

A: For the actual speed of the machine which is constrained by many factors,that relatedto the number of the components, the time to send PCB board and receive the board that will have influence on the speed when in production, and is decide for the actual products and needs.

Q: Can I go and see if you have sold the equipment to India?

A: Yes, we have sold our machine in India, but for the fact we can't decide it for our customer, but I will try to contact our customer. Hope you can understand, because no one wants their competitors to visit their manufacturing site.
