

LED Chip Mounter For LED Rigid PCB Board 180000CPH Making SMT Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days after receive the down-payment
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Applicable Components: 0805,0603,1206
- Name: SMT Pick And Place Machine
- Application: SMT Production Line,for SMT Machine
- Condition: New,100% Original,Brand-new
- Mounting Speed: 180000 CPH
- Type: Automatic
- Usage: SMT Mounting Machine,LED
- Highlight: 180000CPH SMT Machine,
SMT Machine LED chip Mounter,
LED Chip Mounter For Rigid PCB

Product Description

High Speed Chip Shooter LED SMT Machine SMD LED chip mounter

What is Pick and Place Machine?

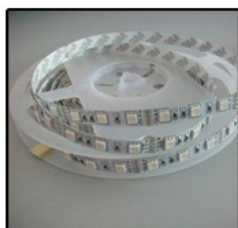

Automatic Positioning Machine is used to realize high speed, high precision and automatic positioning of components. It is the most important and complex equipment in the whole SMT production. The machine position is really an industrial precision robot. Through the function of absorption-transfer-position-position, without damaging components and printed circuit boards, it realizes fast and accurate mounting of SMC/SMD components to the processes Specify the Pad position on the PCB Board.

Application

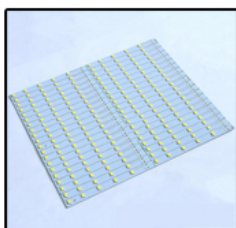

I Apply to the 0.6m, 0.9m, 1.2m(0~1.2m)LED hard light Board and LED Strip (Rope Light) etc.

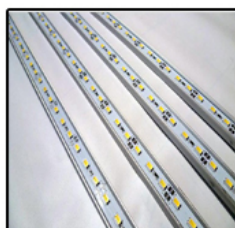

I Apply to LED Strip flexible and hard tube board, panel etc.

Flexible strip

LED Chip board

LED Chip board

LED Tube

LED Panel light

LED Spotlight

Technical Parameter

HT-F7S	Specifications
Length Width Height	2700*2450*1530mm
PCB Length Width	MAX:1200*330mm MIN:50*50mm
PCB Thickness	0.5 ~ 5mm
Mount Mode	Group to have and group to bond
Not available. of Camera	5 sets of imported cameras
System Vision	Vision link, Mark correction
Precise Mounting	± 0.02mm
Installation Height	15±2Mm
Mounting Speed	150000 ~ 170000CPH
Element	LED30140/3528/5050/3030/5630/5730/4014/2835 and resistor etc.
Speed Components	0.2mm
Eat Station	68PCS
Not available. of the Nozzles	34PCS
Electrical control	Independently researched and developed by ETON
Modular Motion Control Card 1 Set	Independently researched and developed by ETON
XY Shaft Drive Way	High-grade magnetic linear motor and servo motor
How to eat	Power feeder with dual motors

Our company

◆ We have our own industrial park, equipped with advanced processing and manufacturing center, strict quality control, and standardized production, streamline production processes, and there is the fastest machine in the world, the capacity reach 25W CPH.

◆ We also have many exhibitions, such as the domestic Shanghai Munich exhibition, and foreign India Delhi exhibition, India Mumbai exhibition, Pakistan exhibition, Turkey exhibition, Thailand exhibition and so on

Five-star Services

- 😊 **Professional solutions:** Provide professional SMT Full line solutions
- 😊 **Free Warranty:** One-year warranty factory service.
- 😊 **Free Installation:** On-site free installation to ensure smooth production.
- 😊 **Free Technical Training:** Professional training of operating and maintenance.
- 😊 **Free Technical Support:** 7 * 24 technical online support.
- 😊 **Free Software Upgrade:** Offer free software upgrade whole lifetime

Our after-sales service

1. Free installation: provide free installation to ensure smooth production
2. Free warranty: 1 year warranty factory service, during the period, free replacement of spare parts
3. Free training: professional training of operating and maintenance
4. Free Technical Support: 7*24 hours technical online support
5. Free software upgrade: offer free software upgrade whole lifetime.

Our products

SMT Machine

Loader machine

semi-auto stencil printer

Reflow oven

Translational machine

Unloader machine

Glue Dispenser Machine

PCB cleaning machine

Solder paste mixer

Automatic stencil printer

Vacuum Loader

Double-rail conveyor

Single-rail conveyor

FAQ

Q:What's about the guarantee of the machines?

A:The maintenance:1 year whole machine,any parts need to be repaired or replaced will be free. We will take the responsibility of the machines from A to Z.

Do you have oversea after sale service?

A:We can offer technical support abroad. If you have any technical problem, our engineers will support you promptly.

Q:Does your machines have quality certificates?

A:We are high-tech enterprise with CE,SIRA,CCC ,ISO awarded as "Well-know brand" and many technology patents, and have rich experience(more than 8 years) in LED light production line program.

Q:How is the training?

A:After buying our machines, you can send your engineers to our factory, or we send our engineer to your factory, and then we will train your people to operate these machines.

Transportation advantage

- By sea: it's convenience,cheapness,and strong carrying capacity
- By railway: it's economical and affordable,with large transportation capacity,which is more suitable for inland countries.
- By air: it's convenient and fast,which is more suitable for urgent items.
