

52pcs Feeder Stations Led Chip Mounter Machine For Electronic Industry Min Pcb Size 50*50mm

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA, ISO
- Model Number: YT10S
- Minimum Order Quantity: 1 set
- Price: usb 39000
- Packaging Details: Vacuum inspection-free wooden box packaging
- Delivery Time: 25 working days
- Payment Terms: T/T
- Supply Ability: 50 set/month

Product Specification

- Name: Pick And Place Machine
- Dimension: 1480*2190*1650mm
- No. Of Head: 10pcs
- No. Of Feeder Station: 52pcs
- Min Pcb Size: 50*50mm
- Max Pcb Size: 500*450mm
- PCB Thickness: 0.5-5mm
- PCB Clamping: Cylinder Clamping Track Width Adjustable
- Highlight: **Electronic Industry Led chip mounter machine, 50*50mm Led chip mounter machine**

Product Description

Led chip mounter machine in electronic industry

About ETON YT10S Pick And Place Machine

Class leading speed up to 48000cph;

Newly developed "Integrated placement head",resulting in significant improvements in speed, accuracy and stability;

Wide component arrange from 0201 to large connectors and ICs

YT10S smt moulder machine details

Dimension	1480*2190*1650MM
Weight	1850KG
No. Of head	10 PCS
Max pcb size	500*450MM
Mounting height	<16MM
Components range	0201-15*15MM packaging materials and IC material
Power	220AC 50Hz 1KW
Feeding way	Electric feeder

What's the advantage of YT10S pick and place machine?

Can mount 0201 components. One machine can make led lighting and electronic products.

XYZ axis all adopt high-end magnetic linear motor, improve machine more stability.

Y axis adopts drive gantry structure ensure machine mounting precision.

Why choose ETON brand smt machine?

8 overseas service point and showroom. Have local engineer in India, Egypt, Vietnam,etc.

300+ employees, 52000+ square meter industry park, Rich experience in SMT industry;

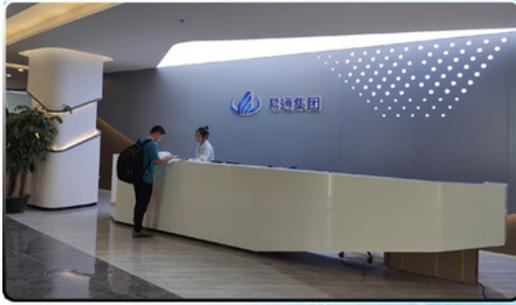

The OEM&ODM pioneer of China's SMT high-speed placement machine;

15+years SMT R&D experience, 10+ years marketing services, 40+different country and area overseas sales markets, 10,000+solutions provided;

Machine installation and training provide freely, Free lifetime software upgrades;

ETON GROUP

ABOUT US

Shenzhen ETON Automation Equipment Co.,Ltd. was founded in 2011. ETON is the leading manufacturer of global optoelectronic highspeed pick and place machine,Full SMT line. the products are exported to more than 20 countries and regions, including South Korea,India,Vietnam, Tunisia,Egypt, Turkey,Russia,Brazil etc.

FAQ

How is machine installation and training?

After you buying our machine, before machine arriving your factory, we'll check in advance whether the preparations before installation are in place. If all preparations are in place, we will arrange engineers to come to your home for free installation and training.

Is it hard to use these machine because your machine looks very big?

No, it's very easy to operate like you use mobile phone.

Those who have experience in SMT operation can usually operate independently within 3-5 working days;

Those who are operating SMT machines for the first time can usually operate independently within 8-10 working days

Does your machine has quality certification?

Yes, of course. Our machine have CE, CCC, SIRA, ISO certification and have own patent.

How many years warranty of your machine?

Usually one year, during warranty period, any parts need to repair or replace that is free.

And we also have a technical group for you, you can directly share us in this group if you have any doubt in the process of operation machine, we'll help you in time, and this group will live forever.

How many language version of your machine?

Currently in Chinese and English.

We are also designing more languages to help customers use our machine more easy.
