Revolutionize Your Production Process with 0201 Applicable Led Light Making Machine Driver Way Magnetic Linear Motor

Our Product Introduction

For more products please visit us on smtmountingmachine.com

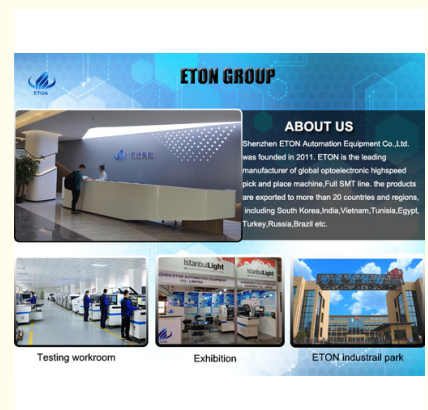

Basic Information

- Brand Name: ETON
- Certification: CE,CCC,SIRE
- Model Number: YT10S
- Minimum Order Quantity: 1
- Packaging Details: WOODEN CASE
- Delivery Time: 15 DAYS
- Payment Terms: T/T
- Supply Ability: 50/PER MOUNTH

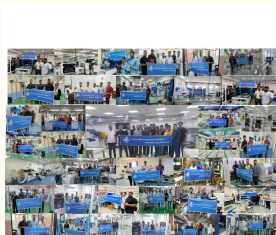

Product Specification

- Pcb Max Size: 500*450mm
- Driver Way: Magnetic Linear Motor
- Delivery: 15
- Applicable Components: 0201,0402,0805,0603,1206,SOP
- Application: Electronic Manufacturing
- Visual Camera: 3 Sets Camera
- Net Weight: 2080kg
- Speed: 48000CPH
- Highlight: Revolutionize Led Light Making Machine,
0201 Applicable Led Light Making Machine,
Magnetic Linear Motor Light Making Machine

Product Description

Product Description:

When you order the SMT Mounting Machine, you can expect a delivery time of 15 days, ensuring that you receive your equipment promptly to commence your production operations. The machine can be transported via sea, railway, or air, providing flexibility in logistics and ensuring that you can set it up in your manufacturing facility without delays.

One of the key features of the SMT Mounting Machine is its capability to handle PCBs with a maximum size of 500*450mm. This generous size capacity allows you to work on a variety of LED bulb designs and configurations, enabling versatility in your production line. Whether you are manufacturing standard-sized LED bulbs or custom designs, this machine can accommodate your needs.

In terms of speed, the SMT Mounting Machine delivers exceptional performance, with a speed of 48000CPH (Chips Per Hour). This high-speed capability enhances your production efficiency, allowing you to meet high demand and maximize output. With rapid chip mounting capabilities, you can streamline your LED bulbs making machine processes and increase your overall productivity.

Features:

Product Name: SMT Mounting Machine

Visual Camera: 3 Sets Camera

Net Weight: 2080kg

Speed: 48000CPH

Application: Electronic Manufacturing

Driver Way: Magnetic Linear Motor

Applications:

Eton YT10S SMT Mounting Machine is a versatile and high-performance machine that is ideal for a wide range of product application occasions and scenarios in the LED light making industry. With its advanced features and capabilities, this SMT machine from Eton is suitable for various production needs.

One of the key product attributes of the Eton YT10S SMT Mounting Machine is its high precision and efficiency, making it perfect for mass production of LED light components. The machine's driver way, Magnetic Linear Motor, ensures smooth and accurate operation, resulting in high-quality output. The 3 sets of cameras provide excellent visual inspection capabilities, further enhancing the production process.

Whether you are manufacturing LED light panels, bulbs, or other lighting products, the Eton YT10S SMT Mounting Machine offers reliability and consistency in production. Its PCB max size of 500*450mm allows for flexibility in accommodating various PCB sizes, while its impressive speed of 48000CPH ensures fast and efficient assembly.

Originating from China, the Eton YT10S SMT Mounting Machine is CE, CCC, and SIRE certified, guaranteeing its quality and compliance with international standards. Customers can place orders with a minimum quantity of 1, and the machine is carefully packaged in a wooden case for safe delivery.

With a delivery time of 15 days and payment terms of T/T, the Eton YT10S SMT Mounting Machine offers convenience and efficiency in acquiring this essential equipment for LED light making production. The machine's supply ability of 50 per month ensures that your production needs are met consistently.

Weighing 2080kg, the Eton YT10S SMT Mounting Machine is a robust and durable solution for your LED light manufacturing operations. Its exceptional performance and reliability make it a valuable asset for various product application occasions and scenarios in the industry.

Packing and Shipping:

Product Packaging:

The SMT Mounting Machine is carefully packaged in a sturdy cardboard box to ensure safe transportation. The machine is securely wrapped in protective foam padding to prevent any damage during shipping.

Shipping:

Orders for the SMT Mounting Machine are processed and shipped within 2 business days. We offer standard and expedited shipping options to accommodate your needs. Once your order is shipped, you will receive a tracking number to monitor the delivery status of your machine.

FAQ:

Q: What is the brand name of this SMT Mounting Machine?

A: The brand name of this SMT Mounting Machine is ETON.

Q: What is the model number of this SMT Mounting Machine?

A: The model number of this SMT Mounting Machine is YT10S.

Q: Where is this SMT Mounting Machine manufactured?

A: This SMT Mounting Machine is manufactured in China.

Q: What certifications does this SMT Mounting Machine have?

A: This SMT Mounting Machine is certified with CE, CCC, and SIRE.

Q: What are the packaging details for this SMT Mounting Machine?

A: The packaging details for this SMT Mounting Machine include a wooden case.
