High-quality SMT ETON HT-F9 SMD Pick-and-place Machine for Precise and Consistent Production

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ETON
- Certification: 3CSIPACE
- Model Number: HT-T9
- Minimum Order Quantity: 1 Set
- Packaging Details: Vacuum packaging, wooden box packaging
- Delivery Time: within 2 weeks
- Payment Terms: T/T
- Supply Ability: 50 units a month

Product Specification

- Highlight: High-quality pick-and-place machine, SMT ETON HT-F9, SMD pick-and-place machine

Product Description

product description

Eton HT-F9: Dual-arm magnetic linear light-emitting diode 68-head picking and placing machine, with an optimal speed of up to 250,000 CPH. Produce four types of materials simultaneously

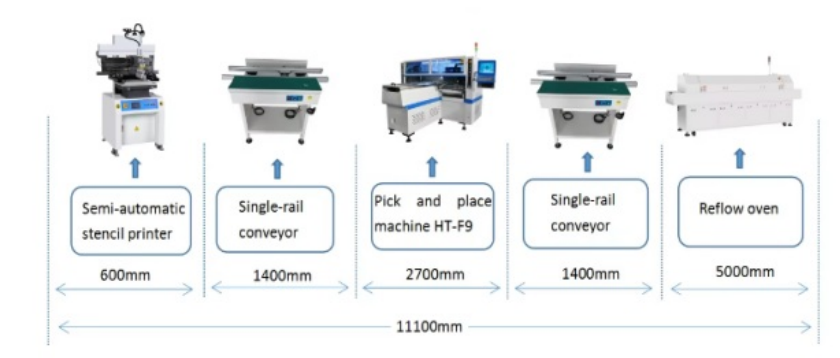

HT-F9 pick-and-place machine

Producing four different materials simultaneously will not affect high productivity. It is applicable to rigid light boards of 0.6m, 0.9m and 1.2m, as well as flexible light strips of 0.5m and 1m. It can be installed once without waiting under any proportion of LED chips and resistors

HT-F9 Semi-automatic Production Line

Application

Light-emitting diode strip lamp

It is suitable for installing flexible light strips of 0.5 meters and 1 meter.

High and low voltage strip lamps can be produced;

RGB light strips and S-shaped light strips can be produced

LED tube

It is applicable to the production of 0.6m, 0.9m and 1.2m hard board lamps.

Light-emitting diode tubes with any power supply can be produced

It can make the RGB light up, just like plant lighting

Market

ur equipment is exported to over 30 countries and regions, such as South Korea, Turkey, Egypt, India, Russia, the United States, Brazil, Tunisia, Poland, Lithuania, South Africa, Iran, Pakistan, Saudi Arabia, Uzbekistan, Nigeria, Germany, etc

company profile

Shenzhen Eton Automation Equipment Co., LTD. Limited company. ETON is a leading manufacturer in the world dedicated to "high efficiency and low consumption" automatic high-speed picking and placing machines. Meanwhile, it is also the largest high-tech manufacturer in China, possessing strong capabilities in design, research and development, manufacturing, sales and service

Our products

FAQ

Q1: What is the failure rate of the machine?

Answer: Our machine is very stable, with a failure rate of less than 0.001.

Q2: I have never used a surface mount technology (SMT) machine before. Is it easy to operate?

Answer: The machine is easy to operate. Usually, 3 to 5 days of operation training is sufficient.

Q3: What is the minimum order quantity?

A: One machine. Mini orders are also welcome.

Q4: Is the interface of your software in English?

Answer: Both the English interface and the Chinese interface are available.

Q5: What are the payment terms? What about trade terms?

Answer: T/T is fine. You can choose the FOB Shenzhen.
