

0201 led light/driver making Machine ETON 10 heads pick and place machine

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: YT10S
- Minimum Order Quantity: 1SET
- Packaging Details: WOODEN CASE
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Highlight: 10 heads pick and place machine, 0201 led light making Machine, 0201 led driver making Machine

Product Description

Technical Parameter

PCB Size	500*450mm
heads	10PCS
Feeder station	52PCS
Components	0201~15MM packaging material and IC material(Optional fixed camera for 0201~35*35MM), Other component size can be customized
X,Y,Z Axis Drive way	High-end magnetic linear motor
Mounting Speed	48000 CPH(Under best condition)

Products Features

Head Flight Vision recognition Camera

Components with size less than 10mm high-speed and high-precision identification.

●Mark recognition:High-precision Mark recognition system,adopt

3 color illumination recognition. apply to any shape Mark and

LENS(Blu-ray scan),wider range of applications.

●Fixed flight vision camera:High-speed flight vision camera,quickly captures multiple head images at once, perform visual calibration of image position,alignment correction,adjustable light source

Ultra-high-speed Capability

Adopt High-end magnetic linear motor + servo system and multi function modular head, the capacity increased by 25% compared with traditional machine, optimum placement speed reach 45000 CPH.

High-speed Multi Modular Head

Adopt High-speed multi modular head,apply to ultra small chip 0201-10mm large Chip.wider component range.

Company Profile

ETON is China's **largest manufacturer** of SMT machine, industrial park more than 50000 square meters.
ETON got more than **14 years R&D experience** in SMT industry equipped with core technology
ETON Got large more than **80% big** led lighting industry market, machine hot sell to more than 20 countries.
ETON R&D Chinese **first automatic stencil printer** machine for roll to roll 100 m led strip light
ETON R&D super high speed pick and place machine, **250000 CPH**, fastest in all over the world

After-services

Maintenance period 1year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

Provide latest information about technology and equipment

We give professional technology suggestion with our clients And share the updates news to our clients

Package&Shipping

Package: Standard export package(Wooden case with vacuum package)

Step 1: Packing in film package to prevent dust and water to the machine

Step 2: Packing in foam cotton to protect the outside of the machine

Step 3: Packing in vacuum package to keep dry of the machine during transportation

Step 4: Transportation by truck to specified port

Professional and standard packaging

Step one: Pack the machine with foam cotton and stretch film to protect the outside of the machine

Step two: Vacuum packaging Vacuum packaging; put the desiccant in a vacuum bag to prevent moisture; use straps to secure the machine;

step three: professional wooden box packaging

Shipping: Shenzhen port within 15 days after payment
