T9-2S PCB Clamping Adjustable Pressure Pneumatic Strip Light Roll SMT Mounter For Versatile And Practical Lighting Solutions

Our Product Introduction

more products please visit us on smtmountingmachine.com

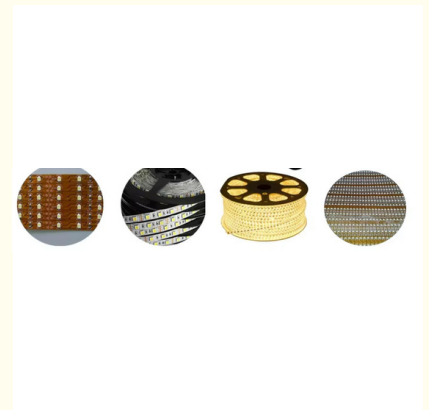

Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: ETON
- Certification: CE, SIRA, CCC, ISO
- Model Number: HT-E6T-600
- Minimum Order Quantity: 1 UNIT
- Price: USD10000~43000USD per Unit
- Packaging Details: Standard export wooden case package (Can do as customers' requirement)
- Delivery Time: Within 15 days after receive the downpayment
- Payment Terms: T/T, L/C, Western Union, MoneyGram, D/P
- Supply Ability: 30 UNIT per month

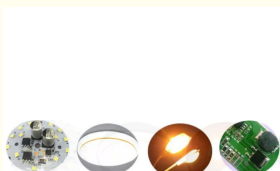

Product Specification

- Features: Producing With 4 Types Materials At The Same Time, Unique Design Component Leaking Detection, Calibration Automatically, Exclusive Patent Technology
- Software: R&D Independently
- FAQ: Quality Certificate Available, High-tech Enterprise With CE, SIRA, CCC, ISO Ratings, Extensive Experience In LED Lamp Production Line Plan
- Weight: 3100kg
- Product Name: Super High Speed Roll To Rolled Flexible Strip Light Pick And Place Machine
- No. Of Feeder Station: 68pcs
- PCB Size: 250MM * Any Length
- Size: 3500mm*3000mm*1800mm

Product Description

Product Description:

The SMT Mounting Machine is a cutting-edge product designed for the efficient assembly of LED strip rolls with precision and accuracy. This state-of-the-art Surface Mounted Technology Equipment is a top-of-the-line Surface Mount Component Assembler that offers unparalleled performance in PCB assembly processes.

With a generous PCB size capacity of 250mm in width and any length, this SMT Mounting Machine is perfect for handling a wide range of PCB sizes for various applications. Despite its robust capabilities, it maintains a manageable weight of 3100kg, ensuring ease of transportation and setup.

As a leading product in the Product Category of SMT Mounting Machine, this equipment boasts a remarkable PCB thickness range of 0.1-0.5mm, allowing for versatile use in different manufacturing scenarios. Whether you are working with thin or thick PCBs, this machine can handle the task with precision and efficiency.

For customers concerned about quality assurance, the SMT Mounting Machine comes with a quality certificate, guaranteeing that it meets the highest industry standards. Additionally, as a high-tech enterprise with prestigious certifications such as CE, SIRA, CCC, and ISO ratings, this product is backed by a reputation for excellence and reliability.

Moreover, the manufacturer of this SMT Mounting Machine has extensive experience in LED lamp production line planning, making them a trusted partner for businesses looking to enhance their LED manufacturing processes. With a proven track record in delivering innovative solutions for LED production, you can rely on this manufacturer for expert guidance and support.

In summary, the SMT Mounting Machine is a premium solution for PCB assembly, specifically tailored for LED strip roll production.

Combining advanced technology, precision engineering, and industry-leading certifications, this equipment is the ideal choice for businesses seeking to streamline their manufacturing processes and achieve exceptional results.

Features:

Product Name: Super high-speed roll-to-rolled flexible strip light pick-and-place machine

Guarantee Period: One year

Certificate: 9 invention patents, 112 utility patents, 12 software Copyrights

Software: R&D independently

Technical Parameters:

No. of Feeder Station	68pcs
Software	R&D independently
Product Packaging and Delivery	Not provided in the description
Guarantee Period	One year
Size	3500mm*3000mm*1800mm
ETON Exhibition	Participated in LED lighting exhibitions in various countries
Payment	T/T
No. of Head	68pcs
Feeding Way	Electric feeder with double motor
FAQ	Quality certificate available, High-tech enterprise with CE, SIRA, CCC, ISO ratings, Extensive experience in LED lamp production line plan

Applications:

Product Application Occasions and Scenarios for ETON SMT Mounting Machine HT-E6T-600:

The ETON SMT Mounting Machine HT-E6T-600 is a versatile and efficient Surface Mounted Technology Equipment that is ideal for various application occasions and scenarios. Here are some key areas where this advanced machine can be effectively utilized:

- LED Lighting Production:** The ETON SMT Mounting Machine is perfect for the production of LED lights, including strip light roll assembly. Its ability to work with 4 types of materials simultaneously makes it a valuable asset in LED lighting manufacturing.
- Electronics Manufacturing:** Whether it's PCB assembly or electronic component mounting, this machine excels in providing high precision and reliability. Its unique design component leaking detection ensures accurate placement of components.
- Contract Manufacturing:** With its fast and accurate calibration capabilities, the ETON SMT Mounting Machine is well-suited for contract manufacturers looking to meet tight deadlines and high-quality standards.
- Customized PCB Production:** The machine's exclusive patent technology allows for automatic calibration and precise placement of

components, making it an excellent choice for companies engaged in customized PCB production. With its wide range of capabilities and features, the ETON SMT Mounting Machine HT-E6T-600 is a reliable and efficient solution for diverse manufacturing needs.

Product Specifications:

Brand Name: ETON

Model Number: HT-E6T-600

Certification: CE, SIRA, CCC, ISO

Place of Origin: Shenzhen, China

Minimum Order Quantity: 1 UNIT

Price: USD10000~43000 per Unit

Payment Terms: T/T, L/C, Western Union, MoneyGram, D/P

Supply Ability: 30 UNIT per month

Delivery Time: Within 15 days after receive the downpayment

Packaging Details: Standard export wooden case package (Can do as customers' requirement)

Guarantee Period: One year

ETON Exhibition: Participated in LED lighting exhibitions in various countries

Features: Producing with 4 types materials at the same time, Unique design component leaking detection, Calibration automatically, Exclusive patent technology

PCB Size: 250MM * any length

Certificate: 9 invention patents, 112 utility patents, 12 software Copyrights

Support and Services:

Our SMT Mounting Machine product comes with comprehensive Product Technical Support and Services to ensure optimal performance and customer satisfaction. Our dedicated team of technical experts is available to provide assistance with installation, setup, troubleshooting, and maintenance of the machine. Additionally, we offer regular software updates, training programs, and on-site support services to address any issues that may arise and to maximize the efficiency and productivity of the machine.

Packing and Shipping:

Product Packaging:

The SMT Mounting Machine is carefully packaged in a sturdy cardboard box to ensure safe transportation. The machine is securely wrapped in protective foam and includes all necessary accessories for setup.

Shipping:

Orders for the SMT Mounting Machine are typically processed within 1-2 business days. We offer standard and expedited shipping options to meet your needs. All shipments are tracked for your convenience, and we work with reliable carriers to ensure timely delivery.

FAQ:

Q: What is the brand name of the SMT Mounting Machine?

A: The brand name of the SMT Mounting Machine is ETON.

Q: What is the model number of the SMT Mounting Machine?

A: The model number of the SMT Mounting Machine is HT-E6T-600.

Q: What certifications does the SMT Mounting Machine have?

A: The SMT Mounting Machine is certified with CE, SIRA, CCC, and ISO.

Q: Where is the SMT Mounting Machine manufactured?

A: The SMT Mounting Machine is manufactured in Shenzhen, China.

Q: What is the minimum order quantity for the SMT Mounting Machine?

A: The minimum order quantity for the SMT Mounting Machine is 1 unit.

Flexible strip and Roll to Roll
